

Orange County, Florida

Community Development Block Grant – Disaster Recovery (CDBG-DR) Program

## **CDBG-DR Citizen Participation Survey (Orange County Residents)**

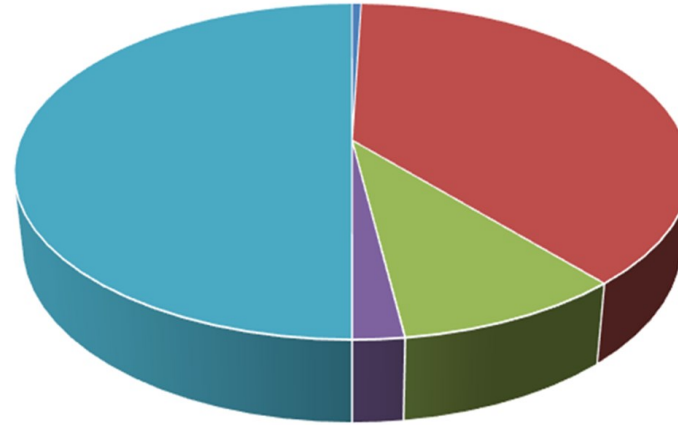

In developing its CDBG-DR Action Plan, Orange County solicited input from the county residents, local jurisdictions, public housing authorities, advocacy groups, and community partners to determine the remaining unmet needs and the most critical disaster mitigation needs.

As part of the community engagement process, the County made a citizen participation survey available on the program website: [www.ocfl.net/CDBG-DR](http://www.ocfl.net/CDBG-DR). The survey was open to the public from September 25, 2023 to November 10, 2023, and it was available in English, Spanish, and Haitian Creole.

The survey results are detailed on the following slides.
