

OCTOBER 25

10AM-2PM

Unneeded prescription medication - those that are old, unwanted, or no longer needed - are a **public safety issue**, too often becoming a gateway to addiction. The majority of opioid addictions start with prescription pills found in medicine cabinets at home.

DEA's National Prescription Drug Take Back Day events are one way to dispose of unneeded medications. Visit a location below to turn in your unused or expired medications for safe disposal.
