For - Orange County Board of County Commissioners
Cigna SureFit Plan
Baseline
Effective - 01/01/2027

Selection of a Primary Care Provider - This Plan requires the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. Until you make this designation, Cigna designates one for you. For information on how to select a primary care provider, and for a list of participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

Referrals are required for a specialist visit - Your PCP must submit a referral for you to visit a specialist, except to seek care from in-network OB/GYN or for behavioral health services. If you visit a specialist outside of your SureFit network you will be responsible for the entire cost.

Direct Access to Obstetricians and Gynecologists - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

- Home Delivery – up to 90-day supply

Retail (per 30-day supply):

Generic: You pay \$10
 Preferred Brand: You pay 10% then a \$30 copay
 Non-Preferred Brand: You pay 10% then a \$50 copay
 Specialty: You pay 10% then a \$100 copay

Retail and Home Delivery (per 90-day supply):

Generic: You pay \$25
 Preferred Brand: You pay 10% then a \$75 copay
 Non-Preferred Brand: You pay 10% then a \$125 copay
 Specialty: You pay 10% then a \$200 copay

- **Member Choice Cigna 90 Now:** This network of pharmacies includes major retail chains of Walgreens and CVS, in addition to other grocery, retailer, and independent pharmacies. You will be aligned to either the Walgreens or CVS network based on your existing pharmacy relationship. Where no relationship exists, you will be aligned to plan sponsor elected CVS pharmacy. If that designation is not right for you, there is the option to select Walgreens. For more information, go to myCigna.com or call the number on the back of your ID card. Retail drugs for a 30-day supply may be obtained in-network at a wide range of pharmacies across the nation although prescriptions for a 90-day supply (such as maintenance drugs) will be available at select network pharmacies.
- Cigna 90 Now Program: You can choose to fill your medications in a 30- or 90-day supply. If you choose to fill a 30-day prescription, it can be filled at any network retail pharmacy or network home delivery pharmacy. If you choose to fill a 90-day prescription, it must be filled at a 90-day network retail pharmacy or network home delivery pharmacy to be covered by the plan.
- This plan will not cover out-of-network pharmacy benefits.
- Specialty medications are used to treat an underlying disease which is considered to be rare and chronic including, but not limited to, multiple sclerosis, hepatitis C or rheumatoid arthritis. Specialty Drugs may include high cost medications as well as medications that may require special handling and close supervision when being administered.
- When patient requests brand drug, patient pays the brand cost share plus the cost difference between the brand and generic drugs up to the cost of the brand drug (unless the physician indicates "Dispense As Written" DAW).
- Pharmacist will dispense the brand medication, and the patient will pay the generic cost share, when the medication is part of the Brand-for-Generic Substitution Program (DAW9).
- **SaveOn Specialty Program:** Certain specialty pharmacy drugs may be considered non-essential health benefits and may fall outside of the deductible and out-of-pocket limits. All drugs in this program are potentially subject to a higher cost share than amounts set forth above. If you participate in the program, cost share may be paid through a manufacturer copay assistance program and your out-of-pocket cost may be reduced to \$0. If you do not participate in the program, then you will be responsible for the payment of the cost share for these medications and payment will not be applied towards your deductible and out-of-pocket maximums. See your plan documents for more specific information.
- Your pharmacy benefits share an out-of-pocket maximum with the medical/behavioral benefits.
- If you receive a supply of 34 days or less at home delivery (including a Specialty Prescription Drug), the home delivery pharmacy cost share will be adjusted to reflect a 30-day supply.
- When using a glucagon-like peptide 1 (GLP-1), it is important to have extra clinical care and support from your doctor and pharmacist. There are pharmacies in your plan's network that can help including Evernorth EnGuideSM Pharmacy.

Exclusions

What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

- Care for health conditions that are required by state or local law to be treated in a public facility.
- Care required by state or federal law to be supplied by a public school system or school district.
- Care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.
- Treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- Charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.
- Charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.

 - o the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the "Clinical Trials" sections of this plan; or
 - o the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the "Clinical Trials" sections of this plan.

In determining whether any such technologies, supplies, treatments, drug or Biologic therapies or devices are experimental, investigational and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

- Cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
