

THE ORANGE COUNTY RECYCLER

Published by Orange County Utilities Solid Waste Management Division

OCTOBER 2026

IF IT

CHARGES DON'T TRASH IT

NEVER place tablets, cell phones, smart watches, e-bikes, and other rechargeable electronics containing lithium-ion batteries in a cart or at the curb for collection.

When crushed or damaged in a collection truck, their batteries can overheat and start a fire, endangering waste workers and harming the environment.

DISPOSE OF THEM SAFELY!

For free and proper disposal, bring these devices to an Orange County household hazardous waste (HHW) and electronic waste (e-waste) drop-off location or a community collection event.

Know Before You Go

Devices with non-removable batteries (cell phones, smart watches, vapes, laptops, and other small electronics): Leave the battery inside the device and bring the entire item.

E-bikes and other rechargeable mobility devices: When applicable, follow the manufacturer's instructions for safely removing the battery. Remove e-bike tires.

Removable or loose batteries: Cover the battery terminals (metal ends) with tape and keep batteries separated from one another.

For additional battery facts and drop-off locations, visit batterysafetynow.org.

HHW

HOUSEHOLD HAZARDOUS & ELECTRONIC WASTE DISPOSAL

ORANGE COUNTY RECYCLES DAY

SATURDAY, NOV. 14

WHEELY HOPE TO SEE YOU THERE!

Ever wonder what happens to your garbage and recyclables after collection? This free, family-friendly event features Orange County Landfill tours, interactive recycling games, and hands-on educational activities. Plus, you can conveniently drop off HHW and e-waste for proper disposal.

Visit ocfl.net/OCRecyclesDay or scan the QR code to register for a tour (ages 7 and up).

Thanksgiving No service	Collection if regular day is Thursday	Collection if regular day is Friday

Please place carts and items curbside by 6 a.m.

More info: ocfl.net/HolidayCurbsideCollection

HOLIDAY RECYCLING TIP

While aluminum cans are great for recycling, aluminum foil and foil pans are not.

These items don't melt properly during processing, may jam machinery, and are often contaminated with food or grease, making them difficult to process at recycling facilities.

Call the Orange County Utilities Solid Waste Hotline at 407-836-6601 to get more information about your garbage, recycling, and yard waste collection, and household hazardous and electronic waste disposal.

Este boletín informativo está disponible en español en el sitio web ocfl.net/recycles o puede llamar a la División de Administración de Residuos Sólidos de los Servicios Públicos del Condado de Orange al 407-836-6601 y pida hablar con un representante en español.
