IMPORTANT APPLICATION INFORMATION

A pre-application meeting is required prior to applying. Please see the pre-application meeting schedule for deadlines and dates.

Public hearing dates and community meeting dates are tentative and subject to change.

The applicant is required to place “notice of public hearing” posters on the property. All posters must be posted on the property at least two weeks prior to the first public hearing date.

The applicant, or an authorized representative, must be present at the LPA and BCC public hearings.

If approved, and not challenged by an affected person, the amendment will become effective 31 days after the Florida Department of Economic Opportunity notifies the County that the plan amendment package is complete.

For amendments with concurrent P-D Rezonings, this schedule may not apply as the timing would be dependent on the Land Use Plan (LUP) being reviewed by the Development Review Committee (DRC) prior to moving forward to the Local Planning Agency / Planning and Zoning Commission.

A Conservation Area Determination (CAD) may be required by the Environmental Protection Division (EPD) of Orange County to identify wetlands and waterbodies.

***Vision 2050 may be adopted in late 2023 which may void in-process applications and a new process/application would be needed to change the Vision 2050 map.**
