ORANGE COUNTY, FLORIDA

Fiscal Year  
**2026 - 2027**

**REFLECTING BACK, LOOKING FORWARD**

**ORANGE**

**COUNTY**

---

**F L O R I D A**

## Reflecting Back and Looking Forward

**Jerry L. Demings**  
ORANGE COUNTY MAYOR

I am pleased to present the fiscal year 2026-27 budget, my final budget as your Mayor, guided by a theme that has defined my administration: **Reflecting Back and Looking Forward**. Despite record inflation and rising fuel costs, Orange County was able to present a balanced total budget of \$8.9 billion. We remain steadfast in our commitment to maintaining Orange County’s fiscal strength, managing resources sensibly, and investing wisely in the future of our community. Over my two terms in office, Orange County has experienced remarkable growth, strengthened and diversified its economy, and confronted moments that tested us all, from a once-in-a-lifetime global pandemic to a rare 500-year hurricane. Through it all, we remained focused, delivering essential services and planning not just for today, but for generations to come. This budget message and the attached budget document provide the highlights of the funding for infrastructure and the many services your local government provides to meet the needs of our community.

<p><b>\$8.9B</b></p> <p>TOTAL BUDGET FY 2026-27</p>	<p><b>AAA</b></p> <p>FITCH CREDIT RATING HIGHEST RATING MAINTAINED</p>	<p><b>4.4347</b></p> <p>OPERATING TAX RATE 11TH LOWEST IN FLORIDA</p>	<p><b>~1.6M</b></p> <p>RESIDENTS SERVED 5TH-MOST POPULOUS IN FLORIDA</p>
<p><b>\$251.5B</b></p> <p>COUNTYWIDE TAXABLE VALUE</p>	<p><b>+7.4%</b></p> <p>TAXABLE VALUE GROWTH</p>	<p><b>\$1.115B</b></p> <p>ESTIMATED PROPERTY TAX PROCEEDS</p>	<p><b>\$134M</b></p> <p>GENERAL FUND RESERVE · 7.7% OF THE FUND</p>

I’m proud to say again that Orange County continues to earn Fitch’s highest triple-A credit rating. This distinction reflects the disciplined financial stewardship of our Board of County Commissioners and the careful oversight of our fiscal team. As we continue to navigate rising inflation and increasing costs, property taxes remain one of Orange County’s most significant and reliable sources of revenue, providing critical funding for the infrastructure, public facilities, and essential services that support our community. According to the Property Appraiser’s preliminary tax roll, we anticipate a countywide taxable value of \$251.5 billion, a 7.4% increase in value generating approximately \$1.115 billion in property tax proceeds, all while maintaining the 11th lowest countywide operating tax rate in the State of Florida at 4.4347. This is lower than it was in 1990 at 5.2889. Our

commitment to low taxation continues to relieve financial burdens on residents and businesses, fostering an environment of economic development that will sustain the community as we grow.

Our sound financial position is further reinforced by a healthy general fund reserve of \$134 million, representing 7.7% of the overall fund. This reserve serves as a critical safeguard, providing the flexibility and resilience necessary to respond to unforeseen economic downturns, emergencies, and natural disasters. Such prudent planning has proven essential as our community has grown. In 2018, Orange County was home to 1.4 million residents; today, our population has grown by nearly 200,000 people to almost 1.6 million, making us the fifth most populous county in Florida. Meeting the needs of our fast-growing community takes both careful financial planning and a clear vision for our future.

### A BLUEPRINT FOR THE FUTURE

## Organized Around Five Pillars

In 2017, I convened a 37-member Transition Team to develop recommendations on the most pressing issues facing our community. The report became the blueprint for my administration and helped enhance customer service, advance technology and innovation, and promote smart growth. Reflecting on nearly eight years of progress and looking toward the future, this budget is organized around the five pillars that have defined Orange County: public safety, affordable housing, economic development, transportation, and community care.

# 1

## PILLAR ONE

# Public Safety

Public Safety, our first pillar and the fundamental responsibility of government, is funded at more than \$1.1 billion in the fiscal year 2026-27 budget to support the Sheriff’s Office, Fire Rescue, and Corrections. The Sheriff’s proposed operating budget is \$470 million, an 11% increase over the current year and a 36% increase from fiscal year 2024. The budget provides the Sheriff’s deputies and resources needed to keep our community safe. Last year alone, our first responders answered more than 1.2 million calls for service at the Sheriff’s Office. Fire Rescue’s operating funding of \$433 million (excluding capital and reserves) adds 34 new positions, and with an increase of over 200,000 new residents since 2019 necessitated the need to construct six new fire stations to ensure timely emergency response times. The County also opened a state-of-the-art, 30-acre training center that prepares our firefighters for the demands of the job. Fire Rescue received over 142,000 calls, a testament to the dedication that protects residents and visitors every day. The Corrections operating budget is \$263 million, supporting safe jail operations, improved staffing, and rehabilitation programs that have reduced costs for taxpayers.

### More than \$1.1 billion for public safety

Operating budgets across the three pillars of public safety, FY 2026–27.

# 2

## PILLAR TWO

# Affordable Housing

**\$19.5M**

Dedicated to the Affordable Housing Trust Fund this year

**\$160M+**

Ten-year commitment that began in 2021

**10,000+**

Housing units to be created or preserved by end of 2028

Affordable Housing, our second pillar, remains an essential priority as families across our region, our state, and the nation continues to face rising costs. The fiscal year 2026-27 budget dedicates \$19.5 million to the Affordable Housing Trust Fund, advancing our commitment of more than \$160 million over the ten-year period that began in 2021. In 2024, Orange County voters approved a Charter amendment requiring the County to maintain this housing trust fund in perpetuity.

Looking forward, we anticipate that by the end of 2028 we will have created or preserved more than 10,000 housing units, made possible by strong partnerships among the public, private, and philanthropic sectors. We are especially grateful to Universal Orlando, whose 1,000-unit Catchlight Crossings community will soon open its first phase, and to Walt Disney World, which has committed to building more than 1,300 affordable apartment homes on donated land.

# 3

## PILLAR THREE

# Economic Development

**76.7M**

Record visitors to Central Florida in 2025

**\$400M**

Projected Tourist Development Tax collections

**\$5B**

Convention Center economic impact

**2M+**

Convention Center attendees

Economic Development, our third pillar, is powered by a world-class tourism and hospitality industry. In 2025, Central Florida welcomed a record 76.7 million visitors, and Tourist Development Tax collections reached a record \$384 million, driven by convention travel and theme park expansions, including the opening of EPIC Universe. The Orange County Convention Center will host 185 events this fiscal year, generating \$5 billion in economic impact and welcoming more than 2.3 million attendees. Next year, they are forecasting similar numbers with 170 events, \$4.5 billion in economic impact, and more than 2.1 million attendees.

Beyond tourism, we have positioned Orange County as a hub for sports and innovation, such as hosting the Olympic Qualifier Series on the road to the 2028 Los Angeles Games, welcoming the Jacksonville Jaguars to a renovated Camping World Stadium for their 2027 season, and anchoring the nation's largest Modeling, Simulation, and Training cluster, a \$6 billion industry supported by the University of Central Florida. With more than 76,000 small businesses and a streamlined permitting process that issued over 71,000 building permits last year, representing \$2.4 billion in development value, our economy remains diverse, resilient, and built to last.

**\$6B**

Modeling, Simulation & Training cluster—nation's largest

**76,000+**

Small businesses across the County

**71,000+**

Building permits issued last year

**\$2.4B**

Development value represented by those permits

# 4

## PILLAR FOUR

# Transportation

**\$100M**

Accelerated Transportation Safety Program, over 5 years

**\$200M+**

Budgeted annually for our roadways

**29 miles**

New sidewalks delivered

**45 miles**

Roadways with enhanced safety features

Transportation, our fourth pillar, is critical to a community experiencing unprecedented growth. In 2024, the Board allocated \$100 million over five years to the County’s Accelerated Transportation Safety Program (ATSP). This is in addition to the \$200 million already budgeted each year for our roadways. Since its inception, ATSP has delivered 29 miles of new sidewalks, 39 miles of new roadway lighting, and 45 miles of roadways with enhanced safety features.

We have also invested \$55 million through the ATSP program to improve the LYNX transit system. This is in addition to the \$100 million the County contributes to LYNX operations each year. The ATSP improvements resulted in an additional 1,500 daily riders and the installation of 52 new bus shelters. Last year, we opened the new \$18 million Pine Hills Transfer Center that serves more than 1,100 riders a day. Looking forward, we continue to support LYNX with operating funding in the amount of \$115.5 million for fiscal year 2027 and SunRail in the amount of \$15 million. Orange County continues to support the Sunshine Corridor study, which proposes extending SunRail from Orlando International Airport to International Drive and the Disney Springs area, strengthening regional mobility for the workers and businesses that power our economy.

Moving forward it will continue to be a challenge in funding new roadways and resurfacing existing roadways. Since 2019 the cost per constructing a new lane mile has gone up 72% to \$5.8 million and resurfacing costs per lane mile have gone from \$108,000 in 2020 to \$250,000 today. The purchasing power per dollar for a roadway has been reduced by 42% since 2019. We will continue to maximize the funding we have available to maintain, build, and provide transit infrastructure to support the transportation needs of the community and those visiting.

# 5

## PILLAR FIVE

# Community Care

**28,000**

Acres of sensitive land acquired via GreenPLACE

**114 parks**

Welcoming 16 million visitors a year

**\$31M**

Arts & culture investment—among the largest in the nation

**\$264M**

Economic activity generated nearly 5,000 jobs

Community Care, our fifth pillar, begins with caring for our environment and our quality of life. Through our renowned GreenPLACE program, backed by a \$100 million commitment, we have acquired nearly 28,000 acres of environmentally sensitive land and opened more than 20,000 acres to the public for recreation. As a certified LEED Gold Community, Orange County continues to lead in sustainability by installing the largest floating solar array in the Southeastern United States and advancing our Septic-to-Sewer conversions in the Wekiva Springs basin. We've been intentional about our investments in our parks, trails, and recreational facilities. To date, we have expanded these amenities to 114 parks, spanning 15,000 acres that welcome 16 million visitors a year. At the same time, our investment in arts and culture, now \$31 million and among the largest in the nation, generates more than \$264 million in economic activity and supports nearly 5,000 jobs. We support a thriving, inclusive community for all generations through expanded family programs and the new Senior and Innovation Centers at the Orange County Multicultural Center.

**\$56M+**

Sustained for mental health & homelessness efforts

**2,000+**

Households diverted from entering homelessness

**\$559M**

Medical debt eliminated for 345,000 residents

**350,000+**

Patients served by the Primary Care Access Network

Caring for our community also means caring for our most vulnerable residents. The fiscal year 2026-27 budget sustains more than \$56 million for mental health and homelessness efforts, reaffirming Orange County's role as the leading funder in the region working to address homelessness. Our investments divert more than 2,000 households from entering homelessness through crisis intervention and behavioral health services, and our Central Receiving Center has served nearly 250,000 residents since its inception. Looking forward, we are committed to building a new 150-bed facility homeless service center in East Orange County and opening the Goldenrod Village Housing Navigation Center. This will pair housing with healthcare and mental health support, and employment assistance. These efforts are complemented by the elimination of \$559 million in medical debt for 345,000 residents and a Primary Care Access Network that served more than 350,000 patients last year, together strengthening the safety net that defines a compassionate community.

## A Changing Property-Tax Landscape

As we look forward, we must also prepare for a significant change that could reshape county finances. On June 2, 2026, the Florida Legislature passed a proposed constitutional amendment titled “Save Our Homes from Excessive Property Taxes” that would substantially increase Florida’s homestead exemption. The amendment will appear on the November 2026 general election ballot and requires approval by 60% of voters to take effect. If approved, it would raise the non-school homestead exemption from a typical \$50,000 to \$150,000 effective January 1, 2027, and to \$250,000 effective January 1, 2028, with a path toward possible full elimination over time, while also reducing the annual assessment cap on non-homestead property from 10% to 5%. The \$150,000 exemption would first affect the fiscal year 2028 budget, with the full \$250,000 exemption in place by fiscal year 2029.

### An estimated \$275 million reduction in annual revenue

Estimated annual revenue reduction by taxing authority, once the exemption is fully phased in.

Once fully phased in, the amendment is estimated to reduce Orange County property tax revenue by approximately \$275 million, including an estimated \$157 million in countywide taxes, \$72 million in Fire Rescue (unincorporated) taxes, and \$46 million in Sheriff (unincorporated) taxes annually. While the proposal would reduce property taxes for qualifying homeowners, it would also significantly reduce a major source of funding for local government services. Residents would continue to expect the same level of service; however, Orange County would have fewer financial resources available to meet the growing demand for public safety, infrastructure, and other essential services.

Property taxes help fund services residents rely on every day, including public safety, roads, parks, libraries, stormwater infrastructure, and environmental programs. Revenue reductions of this scale could require difficult decisions regarding service levels, capital projects, and future investments. The Sheriff and Fire Rescue are directly impacted because they have their own dedicated unincorporated property tax millage that is used

exclusively to fund their operations. With the increase in the homestead exemption to \$250,000, the amount of funding they will have available to run their operations will be reduced. Local governments have limited authority under Florida law to create new taxes or increase existing revenues. There is no single revenue source currently available that would fully replace a loss of this magnitude, meaning County leaders would likely need to consider a combination of spending reductions, fees, and other legally authorized revenue options.

We are committed to planning responsibly and transparently, ensuring that Orange County provides factual information so residents can make informed decisions. State law prohibits local governments from using public resources to advocate for or against a ballot measure, but individual elected officials may express their personal views. No matter the outcome, I can assure you Orange County will work innovatively, effectively, and efficiently to provide the best possible infrastructure and services to residents with the resources available.

## IN CLOSING

# The Best Is Yet to Come

---

The \$8.9 billion fiscal year 2026-27 budget reflects nearly eight years of progress and a clear vision for the future. Guided by the spirit of “**Reflecting Back and Looking Forward**” and grounded in the principles of good governance, disciplined fiscal management, and an unwavering commitment to public safety, affordable housing, economic development, transportation, and community care, we have built a stronger and more resilient Orange County. It has been the honor of a lifetime to serve as your Mayor, and I am forever grateful for the opportunity. As we celebrate all we have accomplished together and look with confidence toward the years ahead, I remain certain that the best is yet to come.

A detailed overview of the proposed fiscal year 2026-27 budget is included in the following sections of this document.

Sincerely,

**Jerry L. Demings**

## HOW TO USE THIS BOOK

---

---

<i>General</i>	This document details the FY 2026-27 annual budget for the period beginning October 1, 2026 and ending September 30, 2027. It provides useful up-to-date comparisons and analysis, and illustrates proposed budget amounts for FY 2026-27.
<i>Budget in Brief</i>	This section is designed to be a removable executive summary of the budget that is presented in the ensuing pages. It provides various types of comparative statistical information and an organizational chart depicting Orange County government.
<i>Revenues</i>	This section provides a three-year comparison of revenues by fund or fund type, grouped by major revenue category.
<i>Organization Budgets</i>	By organizational component, this section provides a three-year comparison of expenditures (actuals for the FY 2024-25, revised budget as of March 31, 2026 for the FY 2025-26, and proposed budget for FY 2026-27) and a summary of funding sources. Organizational charts and various budget reports are included in each section. Each budget is presented separately and includes information on service responsibilities, funding source(s), personnel staffing, expenditure appropriation, and comments related to expenditures that can be categorized and explained as follows:
<i>Personal Services</i>	Cost related to compensating employees, including salaries, wages, and fringe benefit costs.
<i>Operating Expenses</i>	Also known as operating and maintenance costs, these are expenses of day-to-day operations such as office supplies, maintenance of equipment, and travel, excluding capital costs.
<i>Capital Outlay</i>	An appropriation for the acquisition or construction of physical assets.
<i>Capital Improvements</i>	Physical assets in the capital improvements program constructed or purchased that have a minimum useful life of 10 years and a minimum cost of \$25,000. These may include buildings, recreational facilities, road and drainage structures, water and wastewater structures, and equipment.
<i>Debt Service</i>	The expense of retiring such debts as leases, loans, commercial paper, and bond issues. It includes principal and interest payments and payments for paying agents, registrars, and escrow agents.
<i>Grants</i>	A contribution of assets, usually cash, by one governmental unit or other organization to another made for a specified purpose.
<i>Other</i>	These include other expenditure items of a non-expense or expenditure nature, other than reserves, such as depreciation expense and transfers to other funds.
<i>Reserves</i>	An account used to indicate that a portion of a fund's balance is legally restricted or designated for a specific purpose and is, therefore, not available for general appropriation.

## HOW TO USE THIS BOOK

---

Where budgets do not fit into major organizational categories, they are included in the *Other Offices* and *Other Appropriations* sections.

Budgeted expenditures for government grants are within the department's budget. In addition, revenue sources specific to a department are shown on the department page where applicable.

*Capital Improvements Program* This section presents the complete Five-Year Capital Improvements Program, grouped by department/division and by fund/organization. For a summary of capital projects by organizational component, refer to the appropriate section of this document.

*Index* The index provides an alphabetical listing of the major budgetary categories and titles used throughout the budget to facilitate location of information.

*Glossary of Terms* A glossary of terms used throughout the *General Information* section can be found at the end of the Budget In Brief. Please see the Table of Contents or the Index to locate other items in this document.

## GENERAL INFORMATION

---

Orange County was founded in 1824, and at that time it was named Mosquito County. It was renamed Orange County in 1845 for the fruit that constituted the county's main product. At its peak in the early 1970's, there were some 80,000 acres of citrus.

Orange County is approximately 1,003.3 square miles of which 903.4 square miles are land and 99.9 square miles are water. The county is at the approximate geographic center of the state. Four (4) counties border it: Lake County to the west, Brevard County to the east, Seminole County to the north, and Osceola County to the south. Orange County has a population of 1,536,045 based on 2025 estimates from the University of Florida Bureau of Economic and Business Research.

Orange County is a leading center for tourism and a premier business center. The Orange County Convention Center is now the second largest convention facility in the country. More than 28,100 workers are employed directly or indirectly by the Convention Center and an estimated 1,200 local businesses depend on the Center's events. In 2025, Orange County welcomed 76.7 million visitors generating an \$94.5 billion in economic impact. Approximately 37% of the region's workforce is connected to leisure and tourism. Orange County is home to seven (7) of the 10 most visited theme parks in the United States, including Walt Disney World's Magic Kingdom, which is the most visited theme park in the world. Some of the leading tourist attractions located in Orange County includes Walt Disney World, Sea World, and the Universal Orlando Resort. In addition to tourism, some other major businesses include: Orlando Health, AdventHealth, Publix Super Markets, Darden Restaurants, and Lockheed Martin.

---

## GOVERNMENT STRUCTURE

---

In 1986, Orange County became a charter government. A charter form of government has its own constitution and is self-governing. Having a charter gives the county the ability to respond to a changing environment and meet local needs. It enables the county to adopt laws without the need for prior authorization of the Florida state legislature. Orange County established a Charter Review Commission that is appointed every four (4) years to study the charter, propose amendments and revisions, which are then placed on ballots and voted on. The charter was revised first in November 1988, when voters approved major revisions to the county's home rule charter. Subsequent revisions occurred in November 1992, when the charter was amended to create the offices of the Property Appraiser, the Tax Collector, and the Sheriff as charter offices. In 1996, voters amended the charter again to abolish the offices of the Property Appraiser, the Tax Collector, and the Sheriff thereby creating Constitutional Officers governed by the Constitution and the laws of the state of Florida rather than the charter.

In November 2004, the charter was revised as follows:

1. To allow terms of office for the Board of County Commissioners to begin as late as the first Tuesday after the first Monday in January. Require temporary substitutes for board members absent for military service or temporary incapacity. Provide for board-member succession during war, terrorism, and other emergencies. Change the title of "County Chairman" to "County Mayor" (with no change in powers).
2. Created an Orange County/City of Orlando Consolidation of Services Study Commission consisting of citizen volunteer members, who have been charged with conducting a comprehensive study of the consolidation of services between the City of Orlando and Orange County. The commission provided a report to both governments on June 27, 2006.
3. To allow enactment of an ordinance requiring that rezonings or comprehensive-plan amendments (or both) that increase residential density in an overcrowded school zone and for which the school district cannot accommodate the expected additional students, but will only take effect upon approval by each local government located within the boundaries of that school zone.

In November 2008, the following amendments were approved:

1. All future Charter Review Commissions must include, in their reports to the Board of County Commissioners, an analysis and financial impact statement of the estimated increase or decrease in any revenues or costs to county or local governments and the citizens, resulting from the proposed amendments or revisions to the Orange County Charter and that a summary of such analysis be included on the ballot.
2. The Orange County Charter was amended to require that a Local Code of Ethics be adopted that among other things, shall contain provisions requiring the disclosure of financial and business relationships by elected officials and certain county employees, restricting gifts to the mayor and county commissioners, restricting post-county employment for certain employees, providing for enforcement provisions and providing that the board and certain employees receive annual educational sessions on ethics.
3. The Orange County Charter was also amended to provide citizens the right to appear before the Board of County Commissioners for presentations on issues within the county's authority, to require the board to set aside at least 15 minutes before each meeting for citizens to speak on any matter regardless of whether the item is on the board's agenda and to allow the board to adopt rules for the orderly conduct of meetings.

In November 2012, the following amendments were approved:

1. The Orange County Charter must place proposed amendments and revisions of the charter on the ballot at general elections only, providing a report of the proposed changes has been delivered to the clerk of the Board of County Commissioners no later than the last day for qualifying for election to county office under general law.
2. The Orange County Charter was amended to prescribe, when authorized under Florida law, a method for locally filling offices of commissioner and mayor during vacancy or suspension, providing generally for appointment by the Board of County Commissioners to fill vacant and suspended offices until the next general election, and for special election to fill the vacant office of mayor where the mayor's remaining term exceeds one (1) year.
3. The Orange County Charter was also amended to provide that Orange County ordinances shall be effective within municipalities and prevail over municipal ordinances when Orange County sets stricter minimum standards for prohibiting or regulating simulated gambling or gambling.

In November 2014, the following amendments were approved:

1. The Orange County Charter was amended to require petition initiatives to have signatures verified at least 150 days prior to the primary, general, or special election.
2. The Orange County Charter was also amended to limit initiative, and the enactment, amendment or repeal of ordinances where the initiative concerns the regulation of employer wages, benefits, or hours of work; or the encumbrance or allocation of tax revenues not authorized by law or conditioned upon a prospective change in law; and, to impose prohibitions on the Board of County Commissioners.
3. The Orange County Charter was also amended for the purpose of establishing term limits and nonpartisan elections for the Orange County Clerk of the Circuit Court, Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. This amendment provides for County Constitutional Officers to be elected on a nonpartisan basis and subject to term limits of four (4) consecutive full 4-year terms.

In November 2016, the following amendments were approved:

1. The Orange County Charter was amended to reform the charter's initiative process to provide clarity, accountability and transparency; and, ensure equal treatment of voters.
2. The Orange County Charter was also amended to change County Constitutional Officers to Charter Officers and provide for nonpartisan elections and term limits.
3. The Orange County Charter was also amended to preserve the term limits and nonpartisan elections for County Constitutional Officers and Charter Officers.

In November 2020, the following amendments were approved:

1. The Orange County Charter was amended to establish definitions, create natural rights for the waters of Orange County, the right to clean water, and private right of action and standing for citizens of Orange County to enforce these rights and injunctive remedies.

2. The Orange County Charter was also amended to include additional protections for the wildlife, vegetation, and environment of Split Oak Forest by restricting the Board of County Commissioners' ability to amend, modify, or revoke the current restrictions and covenants limiting the use of Split Oak Forest.
3. The Orange County Charter was also amended to provide petitioners a full 180 days to gather necessary signatures during mandatory reviews and procedures and set a 10-day deadline for the Supervisor of Elections to provide a 1% notification to the Board of County Commissioners, Comptroller, and Legal Review Panel.

In November 2024, the following amendments were approved:

1. The Orange County Charter was amended to lower petition requirements for charter amendments from 10% of registered voters in each district to 5% in each district and for ordinance requirements to be lowered to 3% in each district from 7% in each district. This revision also removed signature withdrawal procedures and revised financial impact statement, public hearing, legal review, and petition affidavit requirements.
2. The Orange County Charter was amended to continue the existence of an Affordable Housing Trust Fund used to create and preserve affordable housing, which may be funded by fees from new commercial and residential development and other sources, all as directed by the Board of County Commissioners, and to provide for purposes, revenue sources, appropriation and expenditure of funds, annual audit, continuing nature, implementation by ordinance, administration, and oversight of the Trust Fund.
3. The Orange County Charter was amended to provide that in elections for Charter offices (county mayor and county commissioners), write-in candidates shall not count toward the number of qualified candidates necessary to trigger an election at the August primary.
4. The Orange County Charter was amended to require that no later than October 2025, the county shall adopt a fiscal sustainability analysis methodology and process to enable the county to evaluate the impacts of proposed Urban Service Area expansions and proposed development in Rural Settlements and Rural Service Area of the county's capacity to efficiently provide and maintain infrastructure and services over the Count Comprehensive Plan's longest-range planning period.
5. The Orange County Charter was amended to establish an office of the County Attorney, who shall be the county's chief legal counsel, appointed by the County Mayor and confirmed by a majority of the full Board of County Commissioners, and removed by either the County Mayor or a majority of the full Board of County Commissioners.
6. The Orange County Charter was amended to increase the number of Board of County Commissioners districts from six (6) single-member districts to eight (8) single-member districts, resulting in a nine (9) member Board of County Commissioners (8 commissioners and 1 mayor).
7. The Orange County Charter was amended to create a Transportation Mobility Advisory Commission empowered to hold public hearings and make recommendations to the Board of County Commissioners on: (1) proposed expenditures for transportation purposes prior to inclusion in the proposed county annual budget; (2) transportation and mobility innovation; and (3) review of past transportation expenditures; and, to provide for Board County Commissioners appointment, funding of operating expenses, organization, and staff assistance.
8. The Orange County Charter was amended to define "County Protected Lands" as County owned, operated, or maintained public parks and recreation areas, and environmentally-sensitive lands acquired by the county for environmental, ecological, or recreational purposes; and requiring that any Board of County Commissioners action authorizing the disposition of County Protected Lands or change to another use must be approved by a majority-plus-one county commission vote.

The charter establishes the separation between the legislative and executive branches of county government. The legislative branch (the Board of County Commissioners) is responsible for the establishment and adoption of policy and the executive branch (county mayor) is responsible for the execution of established policy. Additional information on the Orange County Charter is available at the following website: <http://www.orangecountyfl.net/> by clicking on the "Residents" tab, selecting "Open Government", then "Boards and Special Districts" and finally "Charter Review Commission."

---

## COUNTY MAYOR & BOARD OF COUNTY COMMISSIONERS

---

The office of the county mayor (formerly county chairman) was first created in 1988. The county mayor is elected on a countywide basis and serves for a term of four (4) years. The county mayor serves as the chair of the Board of County Commissioners and manages the operations of all elements of county government under the jurisdiction of the board, consistent with the policies, ordinances, and resolutions enacted by the board. The duties of the county mayor include appointment of the county administrator, supervision of the daily activities of employees, convene all regular and special meetings of the board, and prepare and submit the county budget as prescribed by state statute.

Currently, the Board of County Commissioners (BCC) consists of the mayor and six (6) members. Effective for the 2026 General Election the board is going to consist of the mayor and eight (8) members. Each member is elected by district. The term of office for Board members is four (4) years. The powers, duties, and responsibilities of the BCC are defined by the Orange County Charter and by state statute. The board has the power to originate, terminate and regulate legislative and policy matters including but not limited to adoption or enactment of ordinances and resolutions it deems necessary and proper for the good governance of the county. The board also adopts and amends as necessary the county administrative code to govern the operation of the county and adopts such ordinances of county wide force and effect as are necessary for the health, safety, and welfare of the residents. For more information regarding the Orange County Charter, powers and responsibilities of the County Mayor and the Board of County Commissioners, go to the Orange County website at [www.orangecountyfl.net/](http://www.orangecountyfl.net/).

---

## FISCAL POLICY STATEMENT

---

Orange County has an important responsibility to its citizens to correctly account for public funds, to manage municipal finances wisely, and to plan for adequate funding of services desired by the public. Orange County shall collect public funds through taxes, fees, borrowing, and other legal means to provide for the needs and desires of its citizens. Orange County shall establish and maintain sound financial and budgeting systems to accurately account for all public funds collected and expended for the public good. Orange County shall establish sound fiscal policies and procedures that comply with all applicable state and federal laws.

**Annual Budget:** The annual operating budget prepared by the County Mayor and approved by the Board of County Commissioners is the basis for all expenditures necessary for conducting daily county business. The budget is a fund budget structured to provide departmental appropriations in conformance with Florida Statutes Chapter 129 and the Uniform Accounting System prescribed by the Florida Department of Financial Services and Generally Accepted Accounting Principles (GAAP) for governments. Orange County shall operate under a unified and uniform budget system. The County Administrator shall be responsible for developing appropriate budgetary procedures consistent with Florida Statutes, which shall be followed by all departments or divisions submitting budgets to the Board of County Commissioners for approval.

**Capital Improvement Program and Budget:** The Orange County capital improvements program shall include any expenditure for the acquisition, construction, installation and/or renovation of facilities that are expected to be in service for at least 10 years, and have a value in excess of \$25,000. Capital projects are relatively large in scale, nonrecurring projects that may require multi-year financing. The capital improvement budget may have large fluctuations from year-to-year due to project schedules. Revenues for capital projects come from diverse sources, including long-term bonds, impact fees, taxes, and grants.

The Capital Improvements Program and Budget provide the means through which Orange County Government takes a planned and programmed approach to utilize its financial resources in the most responsible and efficient manner in order to meet the service and facility needs of Orange County. All Orange County capital improvements will be made substantially in accordance with the adopted Capital Improvements Program, and as outlined in the Growth Management Policy. A five-year plan for capital improvements will be developed and updated annually. Orange County will enact an annual capital budget based on the five-year capital improvements plan. Future capital expenditures necessitated by changes in population, changes in real estate development, or changes in economic base will be calculated and included in capital budget projections. The Office of Management and Budget will coordinate development of the capital improvement budget and development of the operating budget. Future operating costs associated with new capital improvement will be projected and included in operating budget forecasts. Orange County will finance only those capital improvements that are consistent with the Capital Improvements Program and county priorities, and that have operating and maintenance costs included in operating budget forecasts. Orange County will attempt to maintain all assets at a level adequate to protect Orange County's capital investment, and to minimize future maintenance and replacement costs. The maintenance of existing assets is Orange County's primary capital expenditure consideration. Orange County will project its equipment replacement and maintenance needs for the next several years and will update this projection each year. From this projection a maintenance and replacement schedule will be developed and followed. Orange County will identify the estimated costs and potential funding sources for each capital project proposal before it is submitted for approval. Orange County will determine the least costly financing method for all new projects.

**General Operating Budget:** The county mayor shall plan and prepare a balanced budget that conforms to the uniform classification of accounts as prescribed by the Florida Department of Financial Services. The budget shall include operating revenues that equal 95% of all receipts anticipated from all sources including taxes. The budget shall include provisions for balances brought forward, which shall equal total appropriations (expenditures) and reserves. The Office of Management and Budget, under the direction of the county mayor, shall be responsible for the preparation and monitoring of the Annual County Budget and also for ensuring department compliance with this policy. It is unlawful for the county to expend or contract for the expenditures of more than the amount budgeted in any fund's annual appropriation for any fiscal year. An exception may be made for multi-year construction contracts where funding has been approved in the five-year Capital Improvements Program plan and sufficient monies are available in the current year's budget to meet the progress payments within the current fiscal year. The fiscal year of Orange County shall commence October 1 and end September 30 in accordance with Florida Statutes.

**Reserves:** Sound fiscal policy dictates some level of reserves for a governmental entity. Reserves serve the following purposes: ensures that funds are available to provide citizens with services and assistance following a natural disaster, such as a hurricane; debt service reserves are a mechanism that ensures there will be no interruption in bond payments should the county experience an unexpected dip in revenues (these reserves are also required by bond covenants); and, reserves are used for fiscal management, some because of legal requirements, and some simply to provide a safety net for unexpected expenses.

**Budget Amendments and Transfers:** Orange County's budgeting process must be dynamic and flexible enough to meet the changing needs of the departments and divisions throughout the fiscal year. A means must be provided through which these changing needs can be accommodated within the framework of applicable Florida Statutes and local ordinances and resolutions. Changes may be made to the budget at any time throughout the fiscal year and up to 60 days after fiscal year end or as permitted by Florida Statute in accordance with the procedures outlined in this regulation.

Orange County's Budget complies with all relevant financial policies. For a more in-depth explanation of all Orange County Government's Financial Policies, please see Orange County's Administrative Regulations or contact the Office of Management and Budget at 407-836-7390.

## FINANCIAL STRUCTURE

---

To provide proper accountability for different kinds of resources, "funds" are established. Each fund is a separate entity with its own resources, liabilities, and residual balance. Some homogeneous funds have been consolidated for budget presentation.

Funds with similar objectives, activities and legal restrictions are, for reporting purposes, placed in one (1) of three (3) groups:

- I. Governmental Funds: Governmental Funds account for general governmental activities, such as law enforcement, which are largely supported by taxes and fees. They are accounted for on a "spending" or current financial resources basis. Governmental Funds include the following five (5) fund types:
  1. The General Fund reflects all county revenues and expenditures that are not required to be accounted for in another fund. Most countywide activities are accounted for in this fund.
  2. Special Revenue Funds account for resources received from special sources, dedicated or restricted to specific uses.
  3. Debt Service Funds account for the accumulation of resources for, and the payment of, interest, principal, and other costs of debt.
  4. Capital Projects Funds account for the accumulation and use of resources for the acquisition of major buildings and other capital facilities where a specific project is designated or required.
  5. Permanent Funds account for legally restricted resources where only the earnings and not principal, may be used for the benefit of the county or its citizenry.
- II. Proprietary Funds: Proprietary Funds account for those external and internal business-type activities that are provided on a basis consistent with private enterprise. They are accounted for on a cost of service or "capital maintenance" basis. Proprietary Funds include the following two (2) fund types:
  1. Enterprise Funds account for activities such as water and water reclamation services that are similar to those provided by private enterprise, and whose costs are paid from user charges or from revenue sources other than general governmental revenue. Orange County's Enterprise Funds consist of the Convention Center, Solid Waste System, and the Water Utilities System.
  2. Internal Service Funds account for operations in which the county provides itself with essential services, which would otherwise be purchased from commercial suppliers. The governmental departments using the services on a cost reimbursement basis pay costs of operating these funds. Orange County's Internal Service Funds consist of Risk Management, Fleet Management, and the Employee Benefits Fund for Medical Benefits.
- III. Fiduciary Funds: Fiduciary Funds account for assets that do not belong to the county, but are under county control for administration. These funds are not available to support county programs. Fiduciary Funds include the following four (4) fund types:
  1. Pension Trust Funds account for resources required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other post employment benefit plans, or other employee benefit plans.
  2. Investment Trust Funds account for external investment pools where legally separate governments commingle or pool their resources in an investment portfolio for the benefit of all participants.
  3. Private-purpose Trust Funds account for assets held by the county in trust for administration, and for disbursement for specific purposes that are not properly reported in a Pension Trust or Investment Trust Fund
  4. Agency Funds account for assets belonging to others that are held in a custodial capacity pending disposition.

---

## **BUDGETARY BASIS**

---

Orange County uses the same basis for budgeting and accounting. Orange County adopts budgets for all Government Funds on a modified accrual basis. Under this method, revenues are recognized in the period they become measurable and available to finance expenditures of the period and expenditures are recorded when incurred, with the exception of principal and interest on long term debt, which are recorded when due. The budgets for Proprietary Funds are adopted on a full accrual basis. Under the full accrual basis, revenues and expenditures are recognized in the period in which the transaction takes place. This method is similar to the accounting used for private businesses. Depreciation expense is not budgeted; however, expenditures for capital outlays are budgeted. These outlays are capitalized into fixed assets and eliminated from the results of operations on a Generally Accepted Accounting Principles (GAAP) basis.

Fund balance allocations (residual unappropriated liquid assets resulting from prior years' operations) are budgeted and included as revenue on a budgetary basis, but are eliminated on a GAAP basis for financial reporting.

---

## **CAPITAL BUDGETING**

---

Orange County maintains a Capital Improvement Program (CIP), which covers a five-year period. The Office of Management and Budget (OMB) determines the amount of funding available for capital projects. Proposed projects are prioritized and the available funds are allocated accordingly. The CIP projects detail is included in Section 16 of this document; the funding for these projects is also included in the budget within each appropriate department. Projects in the CIP for FY 2026-27 are funded through FY 2030-31 based on estimated revenues and projected annual project costs. Both estimated revenues and expenditures are subject to change, which may require adjustments to the five-year CIP plan.

## BUDGET CALENDAR

Budget formulation, adoption, and execution in Orange County involves the year-round interaction of many people at various levels within the county. The purpose of the process is to identify service needs, develop strategies for meeting these needs, and develop detailed revenue and expenditure plans to carry out the strategic plans. As such, the budget process incorporates the following activities:

<b>January-February</b>	Staff meetings with the county administrator and Board of County Commissioners (BCC) to determine priorities for the FY 2026-27 budget year. Preliminary revenue projections are finalized. Distribution of budget packages to operating units and constitutional officers. Meetings between county administrator and department directors to communicate budget policies and priorities for the budget year.
<b>March</b>	Departments prepare their budget and input the information into the county's budgeting software. The Office of Management and Budget (OMB) conduct budget preparation computer training classes and reviews early departmental budget submission. Budgets for all departments, Clerk of Courts, Court Administration, Public Defender, and State Attorney are submitted to OMB by March 31.
<b>April-May</b>	OMB reviews and tabulates operating budgets and capital improvement projects, as well as updates revenue projections. Meetings are held with county administration and the departments to review initial budget submissions.
<b>May 1</b>	Deadline for submission of budgets from the Sheriff, Comptroller, and Supervisor of Elections.
<b>May</b>	Department budget meetings with the county mayor and county administrator.
<b>May-June</b>	Compilation of the budgets – operating and capital improvement. Property Appraiser submits budget request by June 1.
<b>July 1</b>	Deadline for delivery of certified tax roll from Property Appraiser.
<b>July</b>	Distribution of proposed budget to the BCC. Budget review work sessions with the BCC.
<b>August 1</b>	BCC certifies proposed millage rates and public hearing dates to the Property Appraiser. Statutory deadline for the Tax Collector to submit budget request.
<b>August</b>	Notice of proposed property taxes ("TRIM"* Notice) mailed to taxpayers.
<b>September</b>	Two (2) public hearings on proposed budget and millage rates. Two (2) to five (5) days prior to the second public hearing, an advertisement is placed in a newspaper of general circulation noting the proposed budget and millage rates.
<b>October 1</b>	Implementation of the adopted budget.
<b>October</b>	Value Adjustment Board (VAB) meets to hear taxpayers' protests of taxable value assessments. Property Appraiser issues final certification of taxable value. Certification of "TRIM"* compliance with the Florida Department of Revenue (FDR).
<b>November-December</b>	OMB issues adopted budget document. Submits budget to Government Finance Officers Association (GFOA) for judging in Distinguished Budget Presentation Award program. Finance issues final results of prior fiscal year. OMB reconciles final fund balances with budget.

\*"TRIM" refers to "Truth in Millage"; the requirements set forth in the Florida Statutes for adopting budgets by local governments.

This calendar complies with the requirements set forth in Florida Statutes Chapter 200, "Determination of Millage." This calendar is subject to revision throughout the budget process due to the changing needs of the BCC or county administration.

## FY 2026-27 BUDGET ASSUMPTIONS

The FY 2026-27 revenue and expenditure budget assumptions are as follows:

### Revenues:

- The countywide millage rate (4.4347), Fire MSTU (2.8437), and Special Tax MSTU (1.8043) remain the same for FY 2026-27.
- All revenues except for non-operating revenues, internal service funds, and grant funds include the 5.0% statutory deduction required by Florida Statutes.
- The budget for state-shared revenues, including sales tax revenue, is prepared based on year-to-date actual figures and various economic and legislative assumptions.

### Expenditures:

- *Personal Services:* The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums.

The existing Florida Retirement System (FRS) contribution rates are shown below. Depending on the retirement category under FRS, employee retirement contributions are budgeted at the following rates to coincide with the Orange County fiscal year:

Contribution Category	FRS Rates FY 2026-27
Regular	13.59%
Elected Officials	55.00%
Special Risk	37.74%
Special Risk Administration	41.79%
Senior Management	32.60%
Deferred Retirement Option Program (DROP)	22.12%

The rate for FICA (Social Security) contributions is budgeted at 7.65% of total salaries and overtime. The current Old-Age, Survivors, and Disability Insurance (OASDI) program limits the amount of earnings subject to taxation for a given year. For earnings in 2026, this amount is \$184,500.

- *Operating Expenses:* Departments submitted a status quo operating budget for FY 2026-27 focusing on budget efficiencies, specified priorities and mandated costs that are critical in providing direct services to Orange County residents and visitors; with detailed justification for all increases including non-discretionary expenditures such as legislative impacts with appropriate justification and other uncontrollable costs that are deemed critical to meet an acceptable level of service was considered for funding.

- *Capital Outlay:* Departments submitted a status quo capital outlay budget for FY 2026-27 focusing on budget efficiencies and specified priorities that are critical in providing direct services to Orange County residents and visitors. Capital outlay expenses were evaluated and reduced for one-time acquisitions from the prior fiscal year. All rolling stock purchases (excluding law enforcement) are reviewed by the Vehicle Requirements Utilization Committee (VRUC).
- *Capital Improvements:* Funding for new capital projects was limited. The focus shifted to completing capital improvement projects (CIP) of significant importance already budgeted in the capital plan, as well as projects necessary to maintain Orange County's current facilities or other assets. Please refer to the Capital Improvement Plan section for the detailed five-year CIP.
- *Internal Services:* Charges for departmental internal services such as fleet maintenance and self-insurance are based on anticipated needs by the internal service departments and projected usage by county departments.
- *Reserves:* Budgeted reserves for most funds are at 5.0% or higher of total revenue budget. Efforts have been made to maintain reserves at a healthy level while providing services to citizens.

## CHARTS AND TABLES

The following section of the Budget in Brief contains charts, tables and graphs, which contain budgetary comparisons and information. The charts are provided to give the reader historical data for up to three (3) fiscal years which can be used to determine historical trends. The following represents a brief explanation of the charts, tables, and graphs:

<b>Major Revenue Sources</b>	These charts provide a three (3) year comparison of revenue between the FY 2024-25 Actuals, the FY 2025-26 Budget as of March 31, 2026, and the FY 2026-27 Proposed Budget for several major revenue sources.
<b>Budgeted Fund Structure</b>	This table provides a three (3) year comparison of budgeted fund structure to include the following funds: General Fund, Special Revenue Funds, Capital Construction Funds, Enterprise Funds, Internal Service Funds, Debt Funds, and Other Funds.
<b>Budget Summary</b>	This table provides a summary of the entire budget for Orange County.
<b>How the County Allocates Money</b>	This table is a listing of the data used to prepare the Total Expenditure Chart. It explains departments/functions included in the major expenditure categories as required by Florida Statutes.
<b>Sources of Funds and Uses of Funds Countywide</b>	These charts represent a comparison between the FY 2025-26 Budget as of March 31, 2026 and FY 2026-27 Proposed Budget of major revenue sources and expenditure categories. The Revenues and Expenditures Summary Sections (see Section 2) of the proposed budget document provides additional details on revenues by funding source and expenditures by appropriations of expenses.
<b>General Fund Comparisons</b>	This table has been included to provide a detailed listing of all General Fund departments with budgetary comparisons along with a chart displaying major expenditure categories.
<b>Sources of Funds and Uses of Funds General Fund</b>	These charts represent a comparison between the FY 2025-26 Budget as of March 31, 2026 and FY 2026-27 Proposed Budget of major revenue sources and expenditure categories for the general fund. More general fund detailed revenue information by funding source and expenditures by appropriation of expenses are included in the Revenues and Expenditures Summary Sections (see Section 2) of the proposed budget document.
<b>Interfund Transfers In and Out</b>	These tables represent the budgeted interfund transfers for FY 2026-27 by funding source.
<b>Estimated Fund Balances</b>	This table shows the budgeted cash brought forward for all funds FY 2026-27.
<b>Millage and Property Value Detail</b>	This table provides the millage and property value information in detail for the following categories: Countywide, Special Tax – MSTU, and Independent Special District. Also, it shows the county aggregate comparison information.

<b><i>Millage Summary</i></b>	This table shows the summary millage information for the following categories: Countywide, Special Tax – MSTU, and Independent Special District. It also shows the county aggregate comparison information.
<b><i>Millage Computation Process Flowcharts</i></b>	These flowcharts provide examples of how the millage rolled-back rate is calculated and the maximum millage.
<b><i>Changes in Authorized Positions</i></b>	This table provides a summary of changes in authorized positions for the FY 2025-26 Budget as of March 31, 2026 and position requests for FY 2026-27 Proposed Budget by departments/divisions. It also includes one (1) year of position history for comparison purposes.

---

## REVENUE FORECASTING PROCEDURES

---

The Office of Management and Budget develops revenue forecasts by reviewing current and projected economic data, historical trends of specific revenue sources, and input from operating departments responsible for collecting the revenue. State revenue estimates are analyzed and modified to reflect local experience.

The Ad Valorem (property tax) revenue is calculated from actual tax roll information certified by the Orange County Property Appraiser and millage rates approved by the Board of County Commissioners. This revenue will increase for FY 2026-27.

The Half-Cent Sales Tax revenue is expected to increase in FY 2026-27. The performance of this significant revenue source is directly related to sales tax receipts generated within Orange County and the county's unincorporated population as a percentage of the whole.

The revenue from State Revenue Sharing, consisting primarily of state sales tax revenue, is also expected to increase in FY 2026-27.

Revenues from the four (4) main gas taxes received by Orange County take into account gallons per capita, growth, and the idiosyncrasies of the state's distribution formulas. Gas tax revenues for FY 2026-27 are projected to increase.

Local Option Tourist Development Tax revenue is expected to increase for FY 2026-27.

The forecast for Public Service Tax and Communications Services Tax revenue assumes actual revenue for recent years is typical and anticipates continued population growth. Public Service Tax revenue is projected to increase, while Communications Services Tax revenue is projected to maintain the prior year level for FY 2026-27.

The overall performance of capital impact fees is expected to decrease for FY 2026-27.

Projections for interest revenue were conservatively based on historical performance.

Interfund transfers track the flow of various revenue sources between funds. The interfund transfer schedule is based on revenue availability and funding required in individual funds.

---

## MAJOR REVENUE SOURCES

---

### Ad Valorem Taxes

This revenue is derived from the levy of taxes on tangible personal property and real property. Countywide ad valorem receipts are budgeted at \$1,115,440,691 for FY 2026-27, a 7.36% increase over FY 2025-26 proceeds. The increase is due to new construction and property value appreciation.

The countywide ad valorem millage supports Orange County's General Fund, the Capital Projects Fund, and the Parks Fund.

In addition to the countywide millage levy, Orange County has dependent taxing districts, numerous municipal service taxing units (MSTU's), and an independent taxing district. These additional ad valorem collections and millage levies are shown on the Millage and Property Value Detail Report in this section.

**Half-Cent Local Government Sales Tax**

In October 1982, Orange County began receiving a distribution of funds equal to 9.653% of net sales tax collections (approximately one-half cent of the net sales tax collected in Orange County). These funds are collected and distributed on a monthly basis by the Florida Department of Revenue. Due to state implementation of related legislation, the distribution percentage changes periodically and currently stands at 8.9744% as of July 1, 2015.

Funds distributed to each county are proportioned as follows:

Distribution	Unincorporated		Incorporated
	County Population	+	2/3 Population
Factor	<hr/>		Incorporated
	Total County		Population
	Population	+	2/3 Population

County Share = Distribution Factor x Half-Cent Sales Tax Collected in County.

The FY 2025-26 sales tax revenue is expected to meet its budget of \$245,000,000. Orange County’s Half-Cent Sales Tax revenue is budgeted at \$253,575,000 for FY 2026-27.

**State Revenue Sharing**

The Florida Revenue Sharing Act of 1972 originally earmarked two (2) revenue sources for sharing with counties: 2.9% of net cigarette tax collections and 41.3% of net intangible tax collections. Effective FY 1999-00, the State of Florida eliminated intangible taxes as a source of county revenue and replaced that revenue stream with a 2.25% distribution of state sales tax. Due to state implementation of related legislation, the distribution percentage changes periodically and currently stand at 2.0810% as of July 1, 2015.

The FY 2025-26 revenue from State Revenue Sharing is projected to meet its budget of \$61,250,000. For FY 2026-27, this revenue is budgeted at \$63,400,000.

---

### Constitutional Gas Tax

The Constitutional Gas Tax is collected by the Florida Department of Revenue and is transferred by the State Board of Administration (SBA) to the counties. This is a tax of two cents per gallon on gasoline. The distribution factor is calculated based on a formula contained in Article XII of the Constitution. The formula calculates the sum of three (3) weighted ratios. One fourth is the ratio of county area to state area. One fourth is the ratio of the county population to state population. And one half is the ratio of the total Constitutional Gas Tax collected in each county to the total collected in all counties of the state during the previous fiscal year.

Distribution is divided into two (2) parts, an 80% portion and a 20% portion. The SBA is entitled to keep the 80% portion to meet debt service requirements. However, the SBA does not administer bond issues for Orange County. Orange County, therefore, receives both portions of this tax. Constitutional Gas Tax Fund (Fund 1003) receives the 80% portion and Transportation Trust Fund (Fund 1002) receives the 20% portion.

Total Constitutional Gas Tax is budgeted at \$13,300,000 for FY 2025-26. For FY 2026-27 this revenue is budgeted at \$13,500,000.

---

### County Gas Tax

The County Gas Tax is a one-cent per gallon tax on gasoline. It is distributed to counties by the Florida Department of Revenue based on the same formula used to distribute Constitutional Gas Tax. Up through FY 2001-02, this revenue was budgeted in the Gas Tax Revenue 1977 Debt Service Fund (Fund 2312). Beginning in FY 2002-03, the County Gas Tax revenue was budgeted in the Transportation Trust Fund due to the completion of related debt service payments.

For FY 2025-26, County Gas Tax revenue was budgeted at \$5,500,000. This revenue is budgeted at \$5,500,000 for FY 2026-27.

---

### Local Option Gas Tax

A six-cent per gallon gas tax is levied in Orange County as provided by the Florida legislature. This tax is distributed according to annual population estimates presented by the Bureau of Economic and Business Research. Receipts are collected by the Florida Department of Revenue and distributed monthly to the local governments.

The Local Option Gas Tax revenue was budgeted at \$29,900,000 for FY 2025-26. For FY 2026-27, this revenue is budgeted at \$29,700,000.

---

### Local Option Tourist Development Tax

On authority granted by the state legislature, Orange County has elected to levy a 6% tax on most rents, leases or lets, and living accommodations in hotels, motels, apartments, houses, and mobile home parks which have been contracted for periods of six (6) months or less. In FY 1991-92, Orange County assumed responsibility for enforcement of this tax and collection of the revenue. This service was previously performed by the Florida Department of Revenue, which assessed a 1% administrative charge on the proceeds. The switch to local enforcement and collection by the Orange County Comptroller has eliminated the one-month delay in receiving funds, reduced administration cost, and increased compliance and collection levels.

Tourist Development Tax revenue is expected to increase for FY 2025-26 and FY 2026-27. Revenue for the 6% Tourist Development Tax is budgeted at \$400,000,000 for FY 2026-27.

---

### Public Service Tax

Florida Statutes 166.231 authorizes municipalities and charter counties, such as Orange County, to levy a public service tax.

The Board of County Commissioners approved this tax in 1991. As of October 1991, the tax was levied on purchases of electricity, fuel oil, metered or bottled gas (natural liquefied petroleum gas or manufactured), water service, and telecommunication services. The 1993 State Legislature approved an exemption of the tax on fuel oil and gas for agricultural purposes, resulting in recurring savings for agricultural businesses. The 2000 State Legislature enacted law changing the way communications services were taxed. The Communications Services Tax revenue is discussed separately below.

Public Service Tax revenue (excluding the Communications Services Tax) was budgeted at \$102,000,000 in FY 2025-26. For FY 2026-27, this revenue is budgeted at \$120,000,000.

---

## Communications Services Tax

Florida Statutes 202 established the Communications Services Tax Simplification Law. Effective October 1, 2001, the law provided that communications services be subject to a uniform statewide tax rate and a local tax administered by the Florida Department of Revenue. This replaced the prior practice of local governments imposing public service tax on communications services and franchise fees on cable television providers, and was intended to have no adverse effect on net revenue.

The Communications Services Tax (CST) has two (2) components, state and local. The standard state CST is 7.44%, consisting of a 4.92% state tax plus a 2.52% gross receipts tax. (For direct-to-home satellite service, the state CST is 11.44%, consisting of a 9.07% state tax plus a 2.37% gross receipts tax.) The local CST is 4.98% for unincorporated Orange County. Up through FY 2009-10, CST revenue was budgeted in the Public Service Tax 1995 Fund (Fund 2319). In order to align with GASB Statement #54, however, between FY 2010-11 and FY 2012-13, CST revenue was budgeted in the Transportation Trust Fund (Fund 1002) and beginning in FY 2013-14 is budgeted in the Special Tax MSTU Fund (Fund 1005).

Communications Services Tax revenue was budgeted at \$17,000,000 in FY 2025-26. For FY 2026-27, this revenue is budgeted at \$17,000,000.

---

## Capital Impact Fees

The Board of County Commissioners has instituted six (6) impact fees on new development: 1) Water and Sewer Connection Fee; 2) Fire Impact Fee; 3) Law Enforcement Impact Fee; 4) Transportation Impact Fee; 5) Parks and Recreation Impact Fee; and, 6) School Impact Fee. School impact fees are remitted quarterly to the Orange County School Board. Other impact fees are used for the purchase and construction of capital assets to serve new growth.

Water and Sewer Connection Fee revenue is budgeted at \$38.7 million for FY 2026-27, down from \$48.1 million budgeted in FY 2025-26. Fire Impact Fee revenue is budgeted at \$2.0 million for FY 2026-27, down from \$3.0 million in the prior year. Law Enforcement Impact Fee revenue is budgeted at \$2.7 million for FY 2026-27, maintaining the prior year level. Transportation Impact Fee revenue (not including capacity reservation fees) is budgeted at \$26.4 million for FY 2026-27, up slightly from \$25.7 million in the prior year. Parks Impact Fee revenue is budgeted at \$7.6 million for FY 2026-27, up from \$7.0 million in the prior year. School Impact Fees are a pass-through revenue and the budget for FY 2026-27 is established at \$130 million to allow flexibility for revenue growth.

---

## Water and Sewer Service

The Orange County Water and Wastewater Utilities System is an enterprise fund, and operates in a manner similar to a private business. Their normal operations are financed primarily by water and water reclamation charges to commercial, residential, and industrial customers. These charges taken as a whole would represent one of the largest revenue sources of Orange County, but all Utilities revenues are restricted in use, and are not available for general county expenditures. See the Utilities section of the budget book for an additional description of these revenues.

## TAX AND MILLAGE INFORMATION

---

The five (5) pages that follow provide information on the millages levied by Orange County. Orange County has, in addition to its countywide tax millage, several additional millages, which may be levied in special taxing districts encompassing territory smaller than the overall county. These special taxing districts provide services ranging from cleaning of lakes to provision of law enforcement services by the Sheriff in the unincorporated area.

Under Florida law, counties are required to sum all ad valorem revenues derived from the countywide levy and all special taxing districts (excluding voted levies and taxing districts independent of the county), and divide this revenue by the countywide tax roll. This is called the "aggregate millage" and is the rate that determines whether or not the county is required to advertise its intent to increase taxes.

The millage schedule presents the rolled back millage compared with the prior year's millage and the current year's millage levy.

### QUESTIONS AND ANSWERS

**1. What is included in the countywide millage?**

The countywide millage of 4.4347 consists of three (3) components: 1) General Fund (4.0441), 2) Capital Projects Fund (0.2250), and 3) Parks Fund (0.1656). The General Fund is the backbone of the county's financial structure. The bulk of Orange County's services are paid for out of this fund.

Given the major infrastructure needs in our ever-growing community, the Board of County Commissioners decided in 1985 to levy a separate millage to pay for major capital projects. FY 1997-98 was the first year a portion of the countywide millage was dedicated for Parks & Recreation's operation and capital improvements.

**2. Are millage rates changing for FY 2026-27?**

With two (2) exceptions, the millage for each entity is the prior year adopted millage. The millages for Bass Lake and Lake Jean are decreasing.

For FY 2026-27, the Library Operating millage is remaining unchanged.

**3. How are property taxes calculated?**

All taxes are computed based upon taxable value.

$(\text{Taxable value} / 1000) * \text{millage rate} = \text{property tax}$

Example:

Assessed value:	\$	250,000
Less homestead exemption:		(50,000)
Taxable value:	\$	200,000

First,  $(\$200,000 / 1000) = \$200.00$

Then,  $\$200.00 * 5.0000 \text{ mills} = \$1,000.00 \text{ property tax}$

(sample millage)

### Common Terms used in budgeting:

**Millage:** The rate charged per \$1,000 of taxable value. (For example: On a house with a taxable value of \$100,000 each mill would equal \$100 in taxes.)

**Tax Base:** The total value of land and personal property on which a taxing entity, such as the county, can levy property taxes. Because some land is partially or completely exempt from taxes, the tax base is usually smaller than the actual value of the property in the county.

**Rolled-Back Rate:** The millage which, exclusive of new construction, additions to structures, deletions, increases in the value of improvements that have undergone a substantial rehabilitation which increased the assessed value of such improvements by at least 100%, property added due to geographic boundary changes, total taxable value of tangible personal property within the jurisdiction in excess of 115% of the previous year's total taxable value, and any dedicated increment value, will provide the same ad valorem tax revenue for each taxing authority as was levied during the prior year less the amount, if any, paid or applied as a consequence of an obligation measured by the dedicated increment value.

**Aggregate Millage Rate:** That millage rate obtained from the quotient of the sum of all ad valorem taxes levied by the county for countywide purposes plus the ad valorem taxes levied for all districts dependent to the county, divided by the total taxable value of the county.

**Exemptions:** Exemptions are granted by the state and either lower the taxable value of property or can result in removing it from the tax rolls completely. Available exemptions include the following: Homestead Exemption, Widow/Widower, Disability, Limited Income Senior, Military/Veterans, Fallen Hero, and Total and Permanent Disability.

**Notes:**

- [1] The Adjusted Prior Year Proceeds amount equals the Prior Year Proceeds amount less the tax increment revenue amount paid in the prior year to community redevelopment area (CRA) trust funds. In the prior year, the General Fund paid \$64,630,096 to CRAs.
- [2] The Adjusted Current Year Adjusted Value amount equals the Current Year Adjusted Value amount less the CRAs' current year dedicated increment value of \$16,398,212,377. This adjustment applies only to Countywide computations.
- [3] The current year maximum millage allowed with a majority vote is the current year rolled-back rate.
- [4] With two (2) exceptions, the proposed millage for each entity is the prior year adopted millage. The millages for Lake Bass and Lake Jean are decreasing.

## Millage Computation Process

General County (County-Wide) Rolled-Back Millage Rate

### Prior Year Data

### Current Year Data

divided by

equals

### Notes:

Millage - The term "millage" is used throughout the budget book, and is defined in our Glossary as a tax rate per \$1,000 of taxable value. So in the computations above, for example, the "millage" rate is divided by 1,000 before being multiplied by the taxable value.

This example shows only the general county millage and does not include unincorporated areas such as the Sheriff's millage, the Fire/Rescue millage, or millages of other dependent districts.

The rolled-back rate, in aggregate, is the rate used for Truth in Millage ("TRIM") advertisements. Any rate above the rolled-back rate must be advertised as a "tax increase", under Florida Statutes. The "Millage and Property Value Detail" schedule shows how each rate relates to the aggregate.

The Adjusted Current Year Taxable Value corresponds to the Florida Department of Revenue Form DR-420, line 15. This number is sometimes called "Adjusted Value".

## Millage Approval Process

### General County (County-Wide) Rolled-Back Millage Rate Allowed with a Majority Vote

---

In 2007, the Florida Legislature modified the Florida “Truth in Millage Law” to adjust the procedures local governments are required to follow to levy property taxes.

The maximum tax rate that may be adopted by a simple majority vote under Florida Statute 200.065(5) has come to be known as the “Maximum Millage”.

Since 2009, local governments calculate the “maximum millage” using a formula that starts with the previous year’s maximum millage rate and increases it for the growth of per capita Florida personal income.

In June of 2026, the Florida Legislature again modified the Florida “Truth in Millage Law”, this time to eliminate the “maximum millage calculation”. As a result, the maximum rate that may be adopted by a simple majority vote is now the “rolled-back rate” as calculated in Florida Statute 200.065(1), and is no longer adjusted for the growth in Florida personal income. So the “Maximum Millage” and the “Rolled-back Rate” now mean the same thing.

As before, the law does not cap total property taxes or tax revenues, and higher rates may be adopted if certain conditions are met:

- Up to 110% of the Maximum Millage may be adopted by a two-thirds vote of the governing body.
- Above 110% of the Maximum Millage may be adopted by a unanimous vote of the governing body - or by three-fourths vote of a governing body with nine (9) or more members - or by a referendum.

# **Guide to Other Useful References**

---

---

## A GUIDE TO OTHER USEFUL REFERENCES

---

**Annual Budget Document** – A document containing detailed summaries of the budget, finances, personnel, and capital projects. Each year, this document is printed in proposed and final form as follows: The proposed budget represents the county mayor’s recommended budget as presented to the Board of County Commissioners, and the final budget represents the budget as adopted by the Board of County Commissioners.

**Annual Comprehensive Financial Report** – This document is an all encompassing audited financial report for Orange County as a whole. It includes financial statements for all operations, narrative information, and reports and opinions from the county’s independent auditor. It also includes financial and non-financial data and trends. Current and prior year’s reports are available at <http://www.occompt.com/> by scrolling down to the “Financial Reports” link on the home page. This link also contains investment reports, revenue monitoring reports, and bond disclosure reports.

**Budget Reference Manual** – This manual is updated and distributed annually to department fiscal staff at the budget kickoff held prior to budget preparation. This guide provides detailed timetables and general instructions for preparing budget requests for personal services (including new positions), operating, and capital outlay (including rolling stock). Additional information is presented for Performance Measures and Capital Improvement Program (CIP) submissions. This manual is available in the Office of Management and Budget (OMB).

**Fee Directory** – A directory of fees and user charges for county services. This document can be found on the county’s website <http://www.orangecountyfl.net/> by using the keyword “Fee Directory” in the “Search our site” box or under the heading “Open Government” then “Budget and Reports” option followed by scrolling to the “Schedule of Fees” section.

**Orange County Administrative Regulations** – A detailed listing of policies and procedures utilized by Orange County Government in conducting various aspects of county business. This document is available in the Comptroller’s Office Clerk of the BCC and Orange County Attorney’s Office.

**Orange County Charter** – A Charter sets up the county government structure and sets forth how it must function. The Orange County Charter and information regarding the Charter Review Commission can be found on the county’s website <http://www.orangecountyfl.net/> by using the keyword “Charter” in the “Search our site” box or clicking on “Open Government” and selecting “Boards and Special Districts” then “Charter Review Commission.”

**Orange County Code of Ordinances** – A detailed listing of all ordinances adopted by the Orange County Board of County Commissioners can be found on the county’s website <http://www.orangecountyfl.net/> by using the keyword “Ordinances” in the “Search our site” box or clicking on “Permits and Licenses” and selecting “Code of Ordinances”.

**Popular Annual Financial Report** – This document, prepared by the Comptroller’s Office, is a summarized operational and financial report prepared especially for the citizens of Orange County. It is a high-level overview that explains how the county is organized, how the budget process works, as well as primary sources and uses of funds. Additionally, it provides information regarding the impact of county taxes and fees on a typical residential home and other useful information. This document and prior year’s reports are available on the Comptroller’s Office website at: <http://www.occompt.com/> by scrolling down to the “Financial Reports” link on the home page.

**Quarterly Fiscal Performance Report** – This report is an informational source that reviews the performance of revenues and expenditures, and reserve levels for each quarter. Additionally, in the second and fourth quarter, it includes capital project spending, the Grants Program Report, and the Performance Measurement Report. This report is available in the Office of Management and Budget (OMB).

**Revenue Manual** – Provides the following information approximately 200 County Revenue sources: authorization, account codes, description, collection history and information regarding the fee schedule, collection frequency, restrictions and administration.

---

# **Glossary of Budget Terms**

---

## GLOSSARY

**Accrual** – A revenue or expense which gets recognized in the accounting period it is earned or incurred, even if it is received or paid in a subsequent period.

**Accrual Accounting** – A system that recognizes revenues and expenses as they occur, regardless of when the final revenue or payment is received or paid. This system is used by businesses and by certain government funds that operate like businesses.

**Ad Valorem Tax** – A tax levied on the assessed value (net of any exemptions) of real or personal property. This is commonly referred to as "property tax."

**Adjusted Final Millage** – Under Florida law, the actual tax rate levied by a local government when tax bills are issued. The rate is adjusted for corrected errors in property assessments for tax purposes and for changes in assessments made by property appraisal adjustment boards in each county. Usually, such changes are very slight and the adjusted millage sometimes does not change from the levy set by the taxing authority.

**Adopted Budget** – The financial plan of revenues and expenditures for a fiscal year as adopted by the Board of County Commissioners.

**Aggregate Millage Rate** – The sum of all property tax levies imposed by the governing body of a county excluding debt service and other voted millages, divided by the total taxable value.

**Amendment** – A change to an adopted budget, which may increase or decrease a fund total. The Board of County Commissioners must approve the change.

**Appropriation** – A specific amount of funds authorized by the Board of County Commissioners to which financial obligations and expenditures may be made.

**Approved Budget** – Board of County Commissioners budget, to be legally adopted in following fiscal year in accordance with state statutes.

**Assessed Value** – A value established by the County Property Appraiser for all real or personal property for use as a basis for levying property taxes.

**Balanced Budget** – A budget in which revenues are equal to expenditures.

**Board of County Commissioners** – The governing body of Orange County is composed of six (6) persons elected from single member districts and one (1) county mayor elected countywide.

**Bond** – A written promise to pay a sum of money on a specific date at a specified interest rate as detailed in a bond ordinance.

**Budget** – A financial plan for a specified period of time (fiscal year) that matches anticipated revenues with proposed expenditures.

**Budget Adjustment** – A revision to the adopted budget occurring during the fiscal year as approved by the Board of County Commissioners via an amendment or a transfer.

**Budget Calendar** – The schedule of key dates involved in the process of preparing, adopting, and executing an adopted budget.

**Budget Document** – The official written statement of the annual fiscal year financial plan for the county as presented by the county mayor.

**Budget Hearing** – The public hearing conducted by the Board of County Commissioners to consider and adopt the annual budget.

**Budget Message** – A brief written statement presented by the county mayor to explain principal budget issues and to provide policy recommendations to the Board of County Commissioners.

**Capital Expenditures** – Funds spent for the acquisition, construction, or improvements of capital facilities and other capital assets.

**Capital Improvements** – Physical assets constructed or purchased that has a minimum useful life of 10 years and a minimum cost of \$25,000. These may include buildings, recreational facilities, road and drainage structures, water and wastewater structures, and equipment.

**Capital Improvements Budget** – A financial plan for the construction or acquisition of capital improvements adopted as part of the annual budget and approved in the first year of the five-year Capital Improvements Program.

**Capital Improvements Program** – A five-year plan for providing public physical improvements. The program provides the following information for each project: a time frame for completion, the location, description, an annual estimated expenditure, and the proposed method of financing.

**Capital Outlay** – Appropriation for the acquisition or construction of physical assets or purchase of items with a unit cost of \$5,000 or more.

**Capital Project** – Detailed information for a capital improvement to include the time frame for completion, the location, description, the estimated total expenditure, and the proposed method of financing.

**Certificates of Participation (COPs)** – Certificates issued by a Trustee pursuant to a Trust Agreement, the proceeds from the sale of which shall be used to finance the acquisition, construction, and installation of a project.

**Community Redevelopment Agency (“CRA”)** – Under Florida law (Chapter 163, Part III), local governments are able to designate areas as “Community Redevelopment Agency” to help deal with insufficient infrastructure. In a CRA, the tax revenues from increases in real property value are directed to the CRA trust fund, to be used to address the specified need. Because the tax revenues from the increase in value are dedicated, this is also referred to as “tax increment financing.”

**Contingency** – A budgetary reserve to provide for emergency or unanticipated expenditures during the fiscal year.

**County Administrator** – The Chief Executive Officer of the county appointed by the county mayor subject to approval by the Board of County Commissioners.

**Debt Service** – The expense of retiring such debts as loans and bond issues. It includes principal and interest payments, and payments for paying agents, registrars, and escrow agents.

**Deficit** – The excess of expenditures over revenues during a fiscal year.

**Department** – An organizational unit of the county responsible for carrying out a major governmental function, such as Fire Rescue or Community and Family Services.

**Depreciation** – The periodic expiration of an asset's useful life. Depreciation is a requirement in proprietary type funds (such as enterprise and internal service funds).

**Division** – A basic organizational unit of the county which is functionally unique in its service delivery.

**Effectiveness Indicator** – Extent to which the service has been achieved or customers are satisfied with the quality of service.

**Efficiency Indicator** – Cost of labor or materials per unit of output/service or number of full-time equivalent positions (FTE's) or staff hours per output to accomplish a task.

**Encumbrance** – The commitment of appropriated funds to purchase goods or service.

**Enterprise Fund** – A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business enterprise, i.e., through user charges, such as Utilities Department.

**Exempt, Exemption, Non-exempt** – Amounts determined by state law to be deducted from the assessed value of property for tax purposes. Tax rates are applied to the balance, which is called the non-exempt portion of the assessment. A 1980 amendment to the Florida Constitution sets the exemptions for homesteads at \$25,000. In January of 2008, an additional exemption was added of up to an additional \$25,000, for assessed value between \$50,000 and \$75,000. That means that a homeowner with property assessed at \$75,000 would have to pay taxes on \$25,000 of the assessment. Eligible homeowners must apply for the exemptions by March 1 of each year. Other exemptions apply to agricultural land and property owned by widows, elderly, the blind, and permanently and totally disabled people who meet certain income criteria.

**Expenditure** – Decreases in fund financial resources for the procurement of assets or the cost of goods and/or services received.

**Fiduciary Fund** – A governmental accounting fund that is used to account for assets held in trust by the government for the benefit of individuals or other entities.

**Final Millage** – The tax rate adopted in the final public budget hearing of a taxing authority.

**Fiscal Year** – The annual budget year for the county which runs from October 1 through September 30. The abbreviation used to designate this accounting period is FY.

**Function** – A major class or grouping of tasks directed toward a common goal, such as improvements to public safety, improvement of the physical environment, etc. For the purposes utilized in budgetary analysis, the categories of functions have been established by the State of Florida and financial reports must be grouped according to those established functions.

**Fund** – A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

**Fund Balance** – The excess of fund assets over liabilities. These unspent funds can be included as revenue in the following year's budget. A negative fund balance is sometimes referred to as a deficit.

**General Fund** – Governmental accounting fund supported by ad valorem (property) taxes, licenses and permits, service charges, and other general revenues to provide countywide operating services. This may be referred to as the Operating Fund.

**Goal** – A statement that describes the purpose toward which an endeavor is directed, such as a target or target area.

**Governmental Fund** – A governmental accounting fund that does not account for profit and loss.

**Grant** – A contribution of assets (usually cash) by one governmental unit or other organization to another made for a specified purpose.

**Homestead Exemption** – Refer to definition for exempt, exemption, and non-exempt.

**Indirect Costs** – Costs associated with, but not directly attributable to, the providing of a product or service. These are usually costs incurred by other departments in the support of operating departments.

**Interfund Transfers** – Budgeted amounts transferred from one governmental accounting fund to another for services provided or for operational purposes. These represent a "double counting" of expenditures. Therefore, these amounts are deducted from the total county operating budget to calculate the "net" budget.

**Intergovernmental Revenue** – Revenue received from another government unit for a specific purpose.

**Internal Service Fund** – A governmental accounting fund used to account for the financing of goods or services provided by one county department to another on a cost reimbursement basis.

**Levy** – To impose taxes, special assessments, or service charges. Or, another term used for millage rate.

**Line-Item Budget** – A budget that lists each account category separately along with the dollar amount budgeted for each account, such as office supplies, overtime, or rolling stock purchases.

**Long-Term Debt** – Debt with a maturity of more **than** one (1) year after the date of issuance.

**Maximum Millage** – Florida Statutes 200.065 defines the maximum millage rate that can be adopted with a simple majority vote. See the “Millage Approval Process” notes in this section.

**Mandate** – Any responsibility, action, or procedure that is imposed by one sphere of government on another through constitutional, legislative, administrative, executive, or judicial action as a direct order, or that is required as a condition of aid.

**Mill, Millage** – 1/1000 of one dollar; used in computing taxes as the tax rate per \$1,000 of taxable value.

**Modified Accrual Basis of Accounting** – Revenues are recognized in the accounting period in which they become available and measurable. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for immature interest on general long-term debt, which is recognized when due.

**Municipal Services Benefit Unit (MSBU)** – A specific taxing unit established by the Board of County Commissioners via an adopted ordinance, which derives a specific benefit for which a levy or a special assessment is imposed to defray part or all of the cost of providing lake cleaning, water quality improvement, maintenance, and aquatic plant control services. This unit may be referred to as an MSBU.

**Municipal Services Taxing Unit (MSTU)** – A specific taxing unit established by the Board of County Commissioners via an adopted ordinance, which derives a specific benefit for which a levy or special assessment is imposed to defray part or all of the cost of providing that benefit. This unit may be referred to as an MSTU.

**Object Code** – An account to which an expense or expenditure is recorded in order to accumulate and categorize the various types of payments that are made by governments. These are normally grouped into Personal Services, Operating Expenses, Capital Outlay, and Other categories for budgetary analysis and financial reporting purposes. The State of Florida Uniform Accounting System mandates certain object codes.

**Objective** – A defined method to accomplish an established goal.

**Operating Expenses** – Also known as Operating and Maintenance costs, these are expenses of day-to-day operations which exclude capital costs, such as office supplies, maintenance of equipment, and travel.

**Other Expenditures** – These include items of a non-expense or expenditure nature such as depreciation expense and transfers to other funds.

**Other Revenues** – These include revenues unearned in the current fiscal year, such as fund balance or prior year reimbursements.

**Performance Measures** – Specific qualitative and/or quantitative measures of work performed as an objective of a department.

**Personal Property** – Livestock, commercial equipment and furnishings, attachments to mobile homes, railroad cars, and similar possessions that are taxable under state law.

**Personal Services** – Costs related to compensating employees, including salaries and wages and fringe benefit costs.

**Policy** – A high-level overall plan embracing the general goals and acceptable procedures especially of a governmental body.

**Property Appraiser** – The elected county official responsible for setting property valuations for tax purposes and for preparing the annual tax roll.

**Property Tax** – Refer to the definition for ad valorem tax.

**Property Tax Reform** – There is no single bill or amendment. A number of legislative and constitutional initiatives relating to local government ad valorem taxes are referred to collectively as “property tax reform.”

**Proposed Millage** – The tax rate certified to a property appraiser by each taxing authority within a county. The proposed millage is to be sent to the County Property Appraiser within 35 days after a county's tax roll is certified.

**Real Property** – Land and the buildings and other structures attached to it that is taxable under state law.

**Reserve** – An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

**Revenue** – Funds that a government receives as income. These receipts may include tax payments, interest earnings, service charges, grants, and intergovernmental payments.

**Revenue Bonds** – Bonds usually sold for constructing a capital project that will produce revenue for the governmental unit issuing the bonds. The repayment of the bond is secured solely by the revenue produced.

**Revenue Estimate** – A formal estimate of how much revenue will be earned from a specific revenue source for some future period, such as the next fiscal year.

**Rolled Back/Roll Back Rate** – That millage rate which, when multiplied times the tax roll, exclusive of new construction added to that tax roll, would yield the same amount of revenue for the taxing authority as was yielded by the millage rate levied in the previous year. In normal circumstances, as the tax roll rises by virtue of reassessment, the rolled back rate will be slightly lower than the previous year's millage levy. This reduced rate multiplied by the value of the new construction/annexations added to the roll during the year provides the only source of additional tax revenue if the rolled back rate is levied. This rolled-back rate excludes the effect of dedicated increment financing (see “CRA”). An example of the computation process appears within the “Charts and Tables” area of this section.

**Special Assessment** – A compulsory levy imposed on certain properties to defray part or all of the cost of a specific improvement or service deemed to primarily benefit those properties.

**Special Revenue Fund** – A governmental accounting fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

**Tax Base** – The total property valuations on which each taxing authority levies its tax rates.

**Tax Roll** – The certification of assessed/taxable values prepared by the Property Appraiser and presented to the taxing authority by July 1 (or later if an extension is granted by the State of Florida) each year.

**Tax Year** – The calendar year in which ad valorem property taxes are levied to finance the ensuing fiscal year budget. For example, the tax roll for the 2026 calendar year would be used to compute the ad valorem taxes levied for the FY 2026-27 budget.

**Tentative Millage** – The tax rate adopted in the first public budget hearing of a taxing agency. Under state law, the agency may reduce, but not increase, the tentative millage during the final budget hearing.

**Truth in Millage Law** – Also called the TRIM bill. A 1980 law enacted by the Florida legislature, which changed the budget process for local taxing agencies; it was designed to keep the public informed about the taxing intentions of the various taxing authorities.

**Uniform Accounting System** – The chart of accounts prescribed by the Office of the State Comptroller designed to standardize financial information to facilitate comparison and evaluation of reports.

**User Fees** – The fees charged for direct receipt of public services.

**Unencumbered Balance** – The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of funds still available for future needs.

**Voted Millage** – Property tax levies authorized by voters within a taxing authority. Bond issues that are backed by property taxes are a common form of voted millage in the State of Florida. Such issues are called general obligation bonds.

**Workload Indicator** – A measurement of the amount of work that affects a division or service. It is indicative of workload, but does not necessarily measure effectiveness or efficiency. It is used to quantify levels of service.

## **REVENUE CATEGORIES**

---

Revenues in this section have been categorized according to the Uniform Accounting System structured by the State of Florida Department of Financial Services. Categories include:

### **Taxes**

Charges levied by a local unit against the income or wealth of a person or corporation, or based on consumption of specific products and services. Examples are: ad valorem (property) taxes, local option gas taxes, and local option resort taxes.

### **Permits, Fees, Special Assessments**

Revenues derived from local permits and fees. Examples include: building permits and certain kinds of impact fees.

### **Intergovernmental Revenue**

Revenues received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes. Half-Cent Sales Tax, State Revenue Sharing, and state grants are examples.

### **Charges for Services**

All revenues stemming from charges for current services, excluding revenues of internal service funds. Examples are refuse collection fees, water and wastewater fees, park entrance fees, and court fees. This category also includes fees collected on behalf of the county by the Tax Collector and certain other Constitutional Officers.

### **Fines and Forfeitures**

Revenues received from fines and penalties imposed for the commission of statutory offenses, violation of lawful administrative rules and regulations, and for neglect of official duty. Examples include: parking violations and code enforcement violations.

### **Miscellaneous Revenue**

Revenue from sources not otherwise provided in the above categories. Interest earnings, contributions, rents, and impact fees are examples of miscellaneous revenues.

### **Statutory Deduction**

Florida Statutes Chapter 129.01 requires counties to budget 95% of anticipated revenues. The calculated reduction therefore amounts to 5%. This deduction is applied against operating revenues in all funds except grant and internal service funds.

### **Interfund Transfers**

Transfers between individual funds of a governmental unit that are not repayable and are not considered charges for goods or services. An example is an interfund transfer from the Sales Tax Trust Fund (sales tax revenue) to the General Fund to support general county operations.

**Debt and Lease Proceeds**

Revenue derived from the issuance of long-term debt, such as bonds or commercial paper. Proceeds are deposited into capital project funds and/or debt service funds. This category also includes the accounting entries used to record the initiation of lease liabilities

**Fund Balance**

Funds collected but not expended from the previous year. This balance carries forward to support current year activities. Refer to the Budget in Brief Section of this document for additional information.

**Other Non-Revenues**

Includes non-operating revenues such as repayment of a loan from the General Fund by a separate operating fund. This category also includes non-itemized transfers from the Constitutional Officers, such as the return of unspent funds.

**Internal Service Charges**

Revenues derived from goods and services furnished by central service agencies of the governmental unit to other departments of the same governmental unit. The three (3) current Internal Service Funds in Orange County are Fleet Management, Risk Management, and Medical Benefits.

## **EXPENDITURE CATEGORIES**

---

### **Personal Services**

The costs related to compensating employees, including salaries and wages and fringe benefit costs.

### **Operating Expenses**

The costs of day-to-day operations that include office supplies, equipment, maintenance of equipment, utilities, and insurance.

### **Capital Outlay**

The appropriation for the acquisition or construction of physical assets or items with a unit cost of \$5,000 or more.

### **Capital Improvements**

Physical assets constructed or purchased that have a minimum useful life of 10 years and a minimum cost of \$25,000. These may include buildings, recreational facilities, road and drainage structures, water and wastewater structures, and equipment.

### **Debt Service**

The expense of retiring such debts as loans and bond issues that includes principal and interest payments, payments for paying agents, registrars, and escrow agents.

### **Grants**

A contribution of assets by the county to another organization for a specific purpose.

### **Reserves**

An account used to indicate that a portion of a fund's balance is set aside because of legal requirements or to provide a safety net for unexpected expenses, such as a natural disaster. Reserves are also used for debt service to ensure no interruption in bond payments as required by bond covenants.

### **Interfund Transfers**

Budgeted amounts transferred from one governmental accounting fund to another for services provided or for operational purposes.

### **Other**

Other expenses include items such as depreciation expense and transfers to other funds.

## Summary of Revenues and Expenditures by Fund

## Constitutional Officers

### EXPENDITURE HIGHLIGHTS

#### *Personal, Operating, Capital Outlay, and Other Expenses –*

The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums.

**Board of County Commissioners (BCC) –** The FY 2026-27 BCC total expenditure budget increased by 33.5%, or \$1.4 million from the current FY 2025-26 budget, primarily due to the addition of the two (2) new District Offices operating budget and staffing for a total of eight (8) new positions, plus the personal services changes mentioned above. The chart below is a budget breakout of each BCC District that includes personal services and operating expenses.

<b><u>BCC Budget by District</u></b>	<b><u>FY 2026-27</u></b>
BCC District 1	\$ 642,662
BCC District 2	634,936
BCC District 3	645,739
BCC District 4	666,357
BCC District 5	700,000
BCC District 6	700,000
BCC District 7	641,000
BCC District 8	641,000
BCC General Office	216,440
<b>Total of All Districts &amp; General Office</b>	<b>\$ 5,488,134</b>

**Clerk of Courts –** The FY 2026-27 operating budget is remaining status quo at \$245,000 and includes funding for state mandated costs associated with Article V, Revision 7 for communication services, courier messenger, subpoena services, and the county’s allocation for payment of filing fees and copy charges for ordinance violation cases.

**Comptroller** – The FY 2026-27 budget of \$34.4 million increased by 5.7% or \$1.9 million from the current FY 2025-26 budget. The budget reflects the amount charged as commissions and fees to Orange County departments and divisions for financial services provided by the Comptroller’s Office. The amount paid by the General Fund is \$12,089,308 for FY 2026-27. Additional revenue from non-county departments is received via charges for services from various fees and commissions, as well as interest earnings and other miscellaneous income.

The Comptroller’s expenditure budget primarily consists of salaries and benefits, which accounts for 87% of the budget and budgeted based on county guidelines. There are no new positions requested. The budget also includes funding for a new Tourist Development Tax (TDT) and Public Services Tax (PST) excise system to replace the current outdated collection system. This system is being funded with TDT and PST revenues. Other increases include funding for new banking services contract and postage to support a countywide public outreach campaign promoting awareness and availability of the Property Fraud Alert System.

**County Mayor’s Office** – The FY 2026-27 budget decreased by 0.04% or \$584 from the current FY 2025-26 budget, primarily due to reductions in one-time purchases for equipment.

**Court Administration** – The FY 2026-27 operating budget, which includes funding for General Court Administration, Edward Byrne Memorial Justice Assistance Grant (JAG-D), Teen Court, Juvenile Alternative Sanctions, Jury Services, Local Court Administration Adjudicatory and Support, and Opioid Pharmaceutical Settlement, is decreasing by 4.0% or \$90,484 from the current FY 2025-26 budget. The budget includes the state mandated costs associated with Article V, Revision 7 for communication services, courier messenger, and subpoena services. It also includes a 2.1% or \$37,779 decrease to personal services and a 11.8% or \$52,705 decrease to the operating expense budget primarily caused by a 35.6% or \$27,699 decrease to maintenance of equipment to align the budget to expenses. Building leases were not budgeted in FY 2026-27, resulting in an additional decrease of \$11,000.

**Property Appraiser** – The FY 2026-27 budget reflects a 4.0% or \$1.3 million increase compared to the current FY 2025-26 budget. The estimated amount to be paid by the General Fund is \$28,033,576 for FY 2026-27. The budget for the Property Appraiser was approved by the Florida Department of Revenue (FDOR) and the Board may provide comments on this budget to FDOR. The General Fund pays a pro-rata share of the Property Appraiser’s total operating budget in accordance with billings received from the Property Appraiser.

**Public Defender** – The FY 2026-27 operating budget is increasing by 3.7% or \$3,436, for a total budget of \$96,008, and includes funding for state mandated costs associated with Article V, Revision 7, for communication services, courier messenger, and subpoena services.

**Sheriff** – The FY 2026-27 General Fund/Special Tax MSTU contribution of \$470 million is increasing by 11.1% or \$46.7 million from the current FY 2025-26 budget of \$423.3 million. The Sheriff General Fund/Special Tax MSTU budget is divided into two (2) major functional areas: 1) Law Enforcement funding of \$440 million and 2) Court Security funding of \$30 million.

The personnel budget is increasing by 12.75% to \$394 million, which includes an 8% negotiated salary increase for FOP bargaining unit employees and a 4% increase for non-bargaining employees. Associated costs for Florida Retirement System rates and employer medical insurance contributions have also been included in the budget. There are two (2) new Deputy Sheriff positions for the Behavioral Response Unit that were previously funded through a grant that are included in the budget. Additionally, there are 25 new sworn deputy positions being added, but are unfunded. The funding for the 25 new sworn positions will be based on future funding availability. The operating budget is increasing by 3.51% to \$63.6 million to fund increases in vehicle outfitting, fleet maintenance, fuel, computer software, and other equipment needed. The capital budget remains status quo at \$12.4 million mostly to replace patrol vehicles and purchase public safety radios.

<b>General Fund/Spec. Tax MSTU Expenditures:</b>	<b><u>FY 2026-27</u></b>
Personal Services	\$393,959,813
Operating Expenses	63,598,039
Capital Outlay	<u>12,442,148</u>
Total	<u>\$470,000,000</u>
<b>Sheriff Funding Source Summary:</b>	
Gen'l/Spec. Tax MSTU: Law Enforcement and Court Security	<u>\$470,000,000</u>
<b>Special Revenues:</b>	<b><u>FY 2026-27</u></b>
Law Enforcement Trust State Forfeiture	\$ 3,193,750
Law Enforcement Trust Treasury Federal Forfeiture	642,500
Law Enforcement Trust Justice Federal Forfeiture	1,808,750
State Law Enforcement Education Trust	1,058,750
Misc. Capital Construction Fund	4,085,000
Law Enforcement Impact Fees	<u>2,855,000</u>
Subtotal Special Revenues	<u>\$ 13,357,500</u>
 TOTAL	 <u><u>\$483,357,500</u></u>

**State Attorney** – The FY 2026-27 operating budget, which includes state mandated costs associated with Article V, Revision 7, for communication services, courier messenger, and subpoena services, remains status quo at \$85,000.

**Supervisor of Elections** – The FY 2026-27 budget of \$24.4 million is increasing by 10% or \$2.2 million from the current FY 2025-26 budget. The core budget of \$14.5 million contained the normal costs of operating the office year-round. The \$9.9 million elections budget includes those expenses associated with conducting the Florida General Election on November 3, 2026. The budget includes three (3) new positions for voter support services for processing petitions, voter registrations, and maintaining the voter roll. The budget includes funding for the necessary printing and postage costs, poll worker wages, voter technology, security, and other statutory election requirements.

**Tax Collector** – The operating budget is required by state statute to be submitted to Orange County by August 1 of each year. The operating budget for the Tax Collector was approved by Florida Department of Revenue.

The commissions paid by the General Fund to the Tax Collector are budgeted at \$61.7 million for FY 2026-27, which is a 6.5% or \$3,774,521 increase due to higher property values. The charge is in accordance with a formula outlined in Florida Statute 192 whereby taxing entities pay commissions to the Tax Collector for services provided. The Tax Collector has no control over the amount charged for commissions, and the amount of commissions paid to the Tax Collector does not reflect their operating budget. The General Fund pays commissions to the Tax Collector for tax collections made for the following taxing entities: General Fund, Capital Projects Fund, Parks Fund, Orange County Public Schools, and Unincorporated Orange County (Sheriff).

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 82.8%, or \$34.1 million, from the current FY 2025-26 budget. Unspent capital budget funding from the current FY 2025-26 for Constitutional Office Projects will be re-budgeted to FY 2026-27 after the budget is adopted. Included in the FY 2026-27 budget is funding for District 3 INVEST Parks Improvements that was not spent in prior years, Sheriff Sector V Substation, Aviation Hangar Improvements, and the State Attorney Second Floor Renovation. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for Constitutional Offices.

**Reserves** – The reserves budget of \$334,566 is for the Teen Court Fund under Court Administration.

## FUNDING SOURCE HIGHLIGHTS

The majority of the funding for the Constitutional Officers came from the General Fund.

**Comptroller** – The list below identified estimates of all sources of funding for the Comptroller’s FY 2026-27 budget:

<b>Commission &amp; Fees:</b>	<b>FY 2026-27</b>	<b>Charges for Services:</b>	<b>FY 2026-27</b>
General Fund	\$ 12,089,308	Records Fees	\$ 5,750,000
Building	517,329	Certification & Copy Fees	181,800
Fire Rescue/911	2,268,239	Tax Deed Fees	111,100
MSTU’s	712,208	Intangible Tax Comm.	127,260

## Administrative Services

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position count remains unchanged.

**Operating Expenses** – The FY 2026-27 operating expenses budget is decreasing by 14.6% or \$10.8 million from the current FY 2025-26 budget mainly due to rollover encumbrances in maintenance of buildings and contractual services. Significant adjustments include Facilities Management’s (FM) maintenance of buildings costs is decreasing by \$5.1 million and is budgeted at \$15.9 million, this amount will be able to cover an estimated 4% increase to all maintenance term contracts, a new HVAC term contract at 33rd Street District for annual preventative maintenance work, an irrigation/maintenance repairs contract as well as funding for higher material costs. Software licensing is decreasing by \$158,059 and is budgeted at \$481,362 due to changes in software use. Guard services are decreasing by 5.3% or \$90,056 and are budgeted at \$1.6 million, this amount will be able to cover a 4% increase in security guard contract. In Real Estate Management, the budget for maintenance of buildings covers expenditures for leased space and is decreasing by \$642,977 and is budgeted at \$672,726, this decrease is based on previous year’s actual expenses. Improvement to non-county assets is increasing by \$378,600 and is budgeted at \$1.4 million due to a one-time tenant improvements for the relocation at Parkway Center VI property for the Information Systems and Services (ISS) Division, and work will start in FY 2026-27. Leases are budgeted at \$13.1 million in FY 2026-27 and cover costs for 24 leases for county and Constitutional Officers operations.

In the Fleet Management Division, budgeted fuel costs are \$3.1 million for unleaded and \$2.4 million for diesel. This equates to a budgeted cost of \$3.35 per gallon for unleaded and diesel, which is unchanged from the current FY 2025-26 budget. Sublet services are budgeted at \$5.0 million.

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 83.0% or \$3.8 million from the current FY 2025-26 budget due to rollover encumbrances and one-time purchases of computer equipment and rolling stock in the current fiscal year. Funding is included for four (4) replacement vehicles and one (1) new rescue truck, as approved by the Vehicle Requirements Utilization Committee (VRUC).

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 59.9% or \$152.0 million from the current FY 2025-26 budget primarily due to the timing of project schedules. The budget includes new funding for the Courthouse 5th Floor Chambers Buildout project. In addition, continuation of funding is included for the Fleet Building Renovations, Corrections Security Doors, Facilities Management Corrections Offices/Warehouse, Sheriff Central Complex Power Modernization, Courthouse Window Improvements, Public Works Admin Window replacement, Courthouse BRC Smoke Controls, as well as on-going capital improvement projects to maintain existing facilities. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for the department.

**Debt Service** – The FY 2026-27 debt services is increasing by 6.6% or \$569,939 due to annual increases, true-ups, relocations and expansions of some current leases. In addition, the Real Estate Management’s leases budget includes funding for scheduled annual lease increases and one (1) relocation lease for the ISS Division.

**Grants** – The FY 2026-27 grants budget is at zero (0) due to the National Entrepreneur Center contract obligation has now been fulfilled. In FY 2026, the county provided a total of \$2.7 million as one-time payment for tenant improvements at the new location in Creative Village, which represented amount remaining on the existing agreement and covered funding from FY 2027 to FY 2034.

**Reserves** – The FY 2026-27 reserves budget of \$7.6 million is for the Fleet Management Fund, which is a 25.7% reserve level for the fund for contingency and future capital outlay needs.

---

## **FUNDING SOURCE HIGHLIGHTS**

The General Fund supplies the majority of the Administrative Services funding. Additional funding comes from the Capital Projects Fund and Special Revenue Fund (grant funding), which is used to pay for various capital improvement projects; and from the Fleet Management Fund, which is an internal services fund that derives its revenue from usage fees. Budgeted Fleet Management customer charges are decreasing by 2.3% or \$588,408 due to a reduction in unleaded and diesel fuel estimated usage and decreases in estimated vehicle maintenance cost.

# Community and Family Services

## EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position net change is increasing by three (3) positions in Parks and Recreation, as follows: one (1) Warehouse Supervisor position to manage thousands of inventory items and provide supervision and two (2) Park Services Specialist II positions for the Tangelo Park Recreation Center to provide building security, customer service, maintain cleanliness and readiness of all spaces and regular inspection and upkeep of gym equipment, pool systems and recreational assets.

**Three (3) New Positions FY 2026-27**

- 1 - Warehouse Supervisor, Parks and Recreation Division
- 2 - Park Services Specialist II, Parks and Recreation Division

**Operating Expenses** – The FY 2026-27 operating expenses budget is decreasing by 15.3% or \$11.5 million from the current FY 2025-26 budget. The FY 2026-27 budget does not reflect carryover grant funds and new grant awards, which are recognized after the budget is adopted and is one of the primary reason for the reduction. The required Department of Juvenile Justice (DJJ) payments are budgeted at \$4.2 million. Also, included in the budget is \$2.0 million to continue implementing the Citizens Safety Task Force recommendations, which includes the cost of personnel to implement the recommendations. The Citizen Resource and Outreach Division took steps to discontinue a Shared Housing Program to assist Senior Veterans Officers seniors by allocating Veteran Service Office to help with operating costs. The Financial Empowerment Center (FEC) budget of \$570,000 provides free, professional, one-on-one financial counseling to Orange County residents and county employees, helping individuals improve their financial stability through better banking access, increased savings, debt reduction, and credit building. Revenue will be identified through third party financial institutions. If revenue is not received, then the contract will be re-evaluated.

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 39.6% or \$2.8 million from the current FY 2025-26 budget. The reduction is primarily due to one-time purchases of rolling stock and equipment expense in the Parks and Recreation Division, and the timing of re-budget for building expenses in the Regional History Center Division. The rolling stock budget includes funding for two (2) replacement vehicles for the Youth and Family Services Division, and four (4) replacement vehicles for Parks and Recreation Division, as approved by the Vehicle Requirements Utilization Committee (VRUC).

**Capital Improvements** – The FY 2026-27 capital improvement budget is decreasing by 78.5% or \$105.5 million from the current FY 2025-26 budget mainly due to the timing of re-budgets for capital projects from the current budget. The budget includes funding for the continuation of the following projects: John Bridges Community Center, Goldenrod Village Shelter, Grow Community Park, Horizon West Regional Park, Horizon West Trail, Barber Park (Recreation Center), Fort Christmas Renovations and Maintenance, Waterleigh Park (North), Morgran Community Park, Lake Ellenor Community Park, Evans Dining Hall Renovation, and other parks construction, maintenance, renovations and additional amenities. Please refer to the detailed Capital Improvement Program section of this document for a complete listing of projects for the department.

**Debt Service** – The FY 2026-27 debt service budget remains status quo at \$92,000 for capital leases principal and interest payments in the Regional History Center Divisions.

**Grants** – The FY 2026-27 grants budget is decreasing by 23.4% or \$21.1 million from the current FY 2025-26 budget. The FY 2026-27 budget does not reflect carryover grant funds, which are recognized after the budget is adopted. County grants are awarded to outside agencies to provide services that help meet the needs of Orange County citizens and their families. Below is a list of programs and agencies that are budgeted to receive funding.

**Citizens Review Panel (CRP):** The CRP is responsible for making funding recommendations for the allocation of Orange County human services dollars. The CRP board consists of 20 county volunteers. The CRP volunteers attend agency site visits, which include program and budget reviews. Once this process is complete, the CRP funding recommendations are submitted to the Board of County Commissioners for final action. The budget for FY 2026-27 is \$4.6 million, a 0.6% decrease over the prior year adopted budget, which includes \$260,115 for contractual services and \$4.4 million in grants.

After School/Summer Programs: Provides Orange County school children with a safe haven that includes educational and recreational alternatives in their daily lives. The After School/Summer Program budget for FY 2026-27 is \$3.9 million, remaining status quo over the prior year adopted budget.

	<b>FY 2026-27</b>
Boys & Girls Clubs of Central Florida	\$ 1,935,792
YMCA	1,935,792
Total	<u>\$ 3,871,584</u>

Healthy Start Initiative: The state’s most comprehensive maternal and infant health care program. Its mission is to improve maternal and child health in Orange County through community partnerships. Services for new mothers and infants include: breastfeeding support, family planning counseling, nutrition education, baby care instructions, and parenting classes. The FY 2026-27 budget is \$43,063, remaining status quo over the prior year adopted budget.

Compact Orlando/Orange: Provides Jones High School students with mentoring and tutoring services to raise reading and test-taking abilities in regards to the Florida Assessment of Student Thinking (FAST) Assessments. The FY 2026-27 budget is \$51,966, remaining status quo over the prior year adopted budget.

Harbor House: Provides shelter nights for victims of domestic violence and their children. The FY 2026-27 budget is \$267,361, a 17.6% decrease over the prior year adopted budget.

Victim Service Center: Provides information and assistance to victims of crime and enhances community awareness of the impact of crimes on victims. The FY 2026-27 budget is \$328,025, remaining status quo over the prior year adopted budget.

Embrace Families: Provides residential group care pass-through under the terms of a contract with the Department of Children and Families. The FY 2026-27 budget is \$60,000, remaining status quo over the prior year adopted budget.

Children Services Program: Provides additional \$21.7 million which fund over 106 contracts and over 170 programs that include YMCA, Big Sis, Hearts and Hope, Loving Hearts & Praying Hands, Second Harvest Food Bank, Youth Advocate Programs, and Paving the Way. The FY 2026-27 grants budget is \$18.2 million, which included \$1.5 million of rollover projections from the current FY 2025-26. The remaining \$3.5 million is included in the Community and Family Services personal services and operating expenses budget to provide internal funding for some of the children services programs that will be performed directly by Orange County Government.

Second Harvest Food Bank: The budget includes \$1.25 million for fresh food purchases to support distribution efforts through local food drives. This funding is in addition to the funding provided under the Children Services Program for youth food support.

Homelessness Services: \$10 million continues to be included in the budget to provide additional support for homelessness. Approved projects and program expansions are currently being implemented. New projects are being evaluated and specific allocation of the funding has been presented to the Board of County Commissioners. Included in this evaluation are new shelter locations across the county. Funding goes towards homeless drop-in services, diversion resources for shelters, supportive housing for chronically homeless individuals, bridge housing and rapid re-housing for Orange County families, and support services for Orange County chronically homeless individuals. The FY 2026-27 budget is \$15.6 million, remaining status quo over the prior year adopted budget.

**Behavioral and Mental Health:** Mental Health and Homelessness division supports approximately \$21.9 million for adult, youth and early childhood, and adult behavioral services and the community's system of care. Programming includes prevention, early identification, inpatient and outpatient services as well as residential and transitional housing for Orange County Residents, this includes the additional \$10.0 million that was committed by the Board of County Commissioner in FY 2024-25 based on the recommendations of the Orange County Mental and Behavioral Health System of Care Community Analysis that was provided by the Heart of Florida United Way, presented on February 22, 2022. Funding has supported the implementation of the recommendations presented under the focus areas in the report that include: integrated and coordinated mental and behavioral health care delivery; mental health promotion; qualified and available workforce; and, mental and behavioral health finances.

**Mental Health:** Provides mental health services for adults, children, adolescents, and young adults, as well as substance abuse services through a network of providers/partners. The FY 2026-27 budget is \$21.9 million, which includes \$1.6 million for Wraparound Orange services; \$961,339 for Mobile Crisis; \$287,515 for Criminal Justice Reinvestment Drop-in services for behavioral health; \$7.5 million for adult public mental health substance abuse crisis services and residential services; \$1.04 million for the Youth Mental Health Commission breakthrough project with Rise Community Solutions; \$668,182 for Functional Family Therapy; and, \$207,219 for Mental Health Association of Central Florida. In addition, \$61,285 is budgeted for the Orlando United Assistance Center to continue the agreement that is in place to support the survivors of the Pulse Night Club Shooting in 2016.

**Reserves** – The FY 2026-27 reserves budget of \$33.7 million includes funding for the Parks and Recreation Division, which includes \$13.6 million in the Parks Fund and \$20.1 million in the Parks and Recreation Impact Fees Fund.

**Other** – The FY 2026-27 other budget includes an interfund transfer of \$2.3 million from the Emergency Shelter grant to the General Fund for costs related to Great Oaks Village.

---

## FUNDING SOURCE HIGHLIGHTS

The FY 2026-27 budget for the Community & Family Services Department includes funds from the General Fund, various grants, Special Revenue Funds, and the Children and Family Services Board. The Special Revenue Funds is decreasing by 24.8% or \$41.6 million due to the timing in which grants are awarded. Most state grants are received on July 1. Remaining balances in these grants are rolled over to the following fiscal year after the budget is adopted.

Beginning in FY 1997-98, the Orange County Board of County Commissioners (BCC) earmarked a portion of the countywide ad valorem tax millage to provide dedicated funding for county parks and recreation programs. Other funding sources for Orange County parks include public service tax, park entrance fees, park user fees, park concession revenues, and other park charges.

**Parks Impact Fee** – Effective March 10, 2006, the BCC approved the Parks & Recreation Impact Fee. The BCC determined that impact fees provide a reasonable method of regulating new residential development in the unincorporated area to ensure that such new development pays a portion of the capital cost of parks and recreation facilities necessary to accommodate such new development. The capital improvements funded by parks impact fees shall provide parks and recreation facilities to new residential development within the unincorporated area. Impact fees are assessed on new residential housing and the number of building permits for new homes has increased in the past year. It is anticipated that collections for FY 2026-27 will be approximately \$7.6 million compared to \$7.0 million budgeted in current FY 2025-26.

## Convention Center

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position net change is increasing by 10 positions to provide the necessary staffing level to efficiently support Convention Center business events.

#### **10 New Positions FY 2026-27**

- 1 - Trades Technician II, Facilities Operations Division
- 1 - Trades Technician IV, Facilities Operations Division
- 2 - Console Operator, Security, Parking & Transportation Division
- 2 - Business Services Representative, Security, Parking & Transportation Division
- 4 - Security Representative, Security, Parking & Transportation Division

**Operating Expenses** – The FY 2026-27 operating expenses budget is increasing by 4.9% or \$2.9 million from the current FY 2025-26 budget mainly due to increased event activity and inflation. Funding includes an increase in maintenance of buildings, improvements and grounds of 11% or \$817,461, with a total budget of \$8.6 million. Utilities will see an increase of 4% or \$734,604, primarily for water and gas. Software licensing support fee is increasing by 46% or \$589,570, due to an offset cost for the annual Microsoft 365 subscription. Janitorial services and supplies are increasing by 13% or \$390,000 due to an increased demand in restroom usage for scheduled events. In order to sustain the projected event activity level, maintenance of equipment is increasing by 43% or \$285,182 for facility operations and rigging. Additionally, Tourist Development Tax (TDT) funding has been included in the budget, in the amount of \$20.1 million as recommended by the Tourist Development Tax Application Review Committee (ARC). The total operating budget of \$61.8 million will allow Convention Center to cover necessary expenses related to activities and events at the center.

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 0.8% or \$15,897 from the current FY 2025-26 budget mainly due to a reduction of one-time purchases such as mobile radio replacements and computer equipment.

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 17.4% or \$67.1 million from the current FY 2025-26 budget, with a number of renovation projects that are delayed in order to reduce the strain on reserves. The proposed five (5) year plan of \$739.6 million (2027-2031) provides for continuing renovations and improvements such as the Convention Center Renovations and Improvements, North South Concourse, West Concourse and the Convention Way Grand Concourse, that will assist the Convention Center in remaining competitive in the marketplace. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for the department.

**Debt Service** – The FY 2026-27 debt service budget is decreasing by 55.2% or \$69.6 million from the current FY 2025-26 budget and is based on the debt service schedule for projects funded with TDT financing.

**Grants** – The FY 2026-27 grants budget is decreasing by 15.5% or \$9.9 million from the current FY 2025-26 budget. The FY 2026-27 budget includes expenditures for grants approved in prior fiscal years, but not yet paid due to the timing of the contractual obligations. Grants for Cultural Tourism and Cultural Facilities are budgeted based on the formula funding amount of 5.0% of the first four cents of the TDT in the amount of \$12.8 million and additional \$2.5 million in fixed funding. The funding will be used for the following: 1) Cultural Tourism grants for arts and cultural activities, venues, services and events when one (1) of the main purposes of such activities, venues, services and events is to attract tourists; and 2) Cultural Facility grants for acquisition, construction, extension, enlargement, remodeling, repair, improvement, maintenance, operation or promotion of auditoriums or museums to be used primarily for arts and culture. Out of the \$2.5 million, \$1.5 million is for United Arts general art support, \$500,000 is for a challenge match to the United Arts Funding Raising Campaign, and \$500,000 is for venue subsidies. Lastly, under the TDT grants budget, there is \$14 million budgeted, which includes \$4.0 million for sports incentive funds, with \$760,000 allocated to the Greater Orlando Sports Commission (GOSC), paid by Visit Orlando and \$10 million towards UCF Stadium improvements.

**Reserves** – The FY 2026-27 reserves budget is decreasing by 33.5% or \$73.2 million from the current FY 2025-26 budget. The reserves amount of \$145.4 million includes restricted reserves to meet bond covenant requirements, reserves for future capital outlay, reserves for debt service, and reserves for contingency.

**Other** – The FY 2026-27 other category budget is increasing by 2.1% or \$3.6 million from the current FY 2025-26 budget. Included are funds for Visit Orlando in the amount of \$115.0 million for tourism promotion, funded from the first four cents (\$81.7 million) and the sixth cent (\$33.3 million) of the Tourist Development Tax (TDT); payments to the City of Orlando for the Venues Projects from a portion of the sixth cent of the TDT (\$60.3 million); and, \$3.6 million for the Orange County Regional History Center to support operating and capital expenses.

**TDT Expenditure Budget Summary**

Budget Summary (in millions)	FY 2026-27 Proposed Budget
<b>Debt Service</b>	<b>\$ 56.5</b>
<b>Convention Center Operations</b>	<b>16.2</b>
<b>Convention Center Capital</b>	<b>321.5</b>
<b>Visit Orlando (O/ OCCVB) Funding (first four cents)</b>	<b>81.7</b>
<b>Visit Orlando (O/ OCCVB) Funding (sixth cent)</b>	<b>33.3</b>
<b>Contract TDT Payment for Venues</b>	<b>60.3</b>
<b>Arts (5% of first 4 cents and \$2.5 million fixed)</b>	<b>15.3</b>
<b>History Center</b>	<b>3.6</b>
<b>TDT Collection Services Fees</b>	<b>1.4</b>
<b>Grants</b>	<b>14.0</b>
<b>Application Review Committee (ARC)</b>	<b>20.1</b>
<b>TOTAL</b>	<b>\$ 628.9</b>

## FUNDING SOURCE HIGHLIGHTS

Funding for Convention Center operations primarily consists of revenues from facility rentals, services, food and beverage, parking, supplements from the Tourist Development Tax (TDT), interest, and reserves. The Convention Center’s anticipated revenues from operations increased in several areas based on projected show activity with anticipated changes detailed in the table below. Additionally, TDT revenues are projected to increase from the current FY 2025-26 budget by 3.9% or \$15.0 million based on projections for hotel occupancy and room rates.

## Corrections

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for employer health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position count remains unchanged.

**Operating Expenses** – The FY 2026-27 operating expense budget is decreasing by 10.3% or \$3.7 million from the current FY 2025-26 budget primarily due to the food and dietary contract decreasing by 20.3% or \$1.4 million, which is a result of the current contract rates and average daily inmate population; the rate is subject to change based on inmate population. Contract services is decreasing by 18.8% or \$964,872, for a total budget of \$4.2 million, due to the reductions of one-time contract services and includes funding for security guard services, employment verifications, language interpreter services, and weapon tracking software. The maintenance of buildings, improvements, and grounds is budgeted at \$311,825, which is a 69.0% or \$694,716 decrease, due to the completion of the administrative area flooring replacements in the current FY 2025-26 and includes funding for security controls maintenance, facility glass replacements, locksmith equipment, security camera upgrades, and other miscellaneous building maintenance.

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 28.9% or \$585,050 from the current FY 2025-26 budget primarily due to decreases to the buildings, computer equipment, and rolling stock budgets based on one-time purchases. The computer equipment budget of \$479,670 will be used to purchase Live Scan devices for scanning fingerprints, mobile radios for vehicles, portable radios, and computers/laptops. In addition, equipment is budgeted at \$128,570 to replace two (2) forklifts, a golf cart, and a narcotic detection K-9 dog, and floor cleaning machines. The weapons and firearms budget is \$324,000 to replace tasers that have reached the end of life, and approximately \$4,000 is budgeted to purchase handguns and parts. Rolling stock is budgeted at \$508,000 and includes funding for six (6) replacement vehicles approved by the Vehicle Requirements Utilization Committee (VRUC).

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 85.4% or \$41.6 million from the current FY 2025-26 budget. The majority of the decrease is due to the timing of re-budgets for capital projects from the current FY 2025-26 budget. The budget includes funding for the following projects: Padded Cell Renovations, North and South Perimeter Security Buildings, Booking and Release Center (BRC) Triage Screening Expansion, Horizon Medical Clinic Expansion, and Orange County Corrections Department (OCCD) Improvement to Facilities. Please refer to the detailed Capital Improvements section of this document for a complete listing of projects for the department.

**Other** – The FY 2026-27 other budget does not reflect the State Criminal Alien Assistance Program (SCAAP) grant reimbursement, which is not known at this point in time. The SCAAP grant reimbursement is based on the amount of available funding, number of applications submitted and then based on facilities’ size, inmate population, and budget.

---

## FUNDING SOURCE HIGHLIGHTS

The majority of the funding for Corrections comes from the General Fund. The department also receives funding for staff training from the Corrections-Law Enforcement Education Fund and for inmate programs from the Inmate Welfare Fund. Funding for Corrections capital projects comes from the Capital Projects Fund.

The Corrections-Law Enforcement Education and Sheriff-Law Enforcement Education Funds are funded by a \$2.50 and \$2.00 additional court cost for each violation of a state penal or criminal statute, an Orange County ordinance, or citation for a non-criminal traffic infraction. These funds are equally divided and disbursed, one-half to the Sheriff for training and education of county law enforcement officers and one-half to Corrections for training and education of county corrections staff. The FY 2026-27 estimated revenue from fees for the Corrections-Law Enforcement Education portion is \$300,000.

The Inmate Welfare Fund receives revenue from the sale of commissary and personal items to inmates and a portion of booking and subsistence fees collected from inmates. The revenue is remitted from the private commissary provider in the form of sales commissions. This revenue is used to fund various programs for the overall benefit of inmates. Programs include faith-based programs and inmate community re-entry programs. Commissions from commissary sales for FY 2026-27 are estimated at \$2.2 million. Additional revenue is received through the collection of inmates booking and subsistence fees. These fees are collected to off-set jail costs and to supplement funding of inmate programs. The one-time booking fee is \$6.00 and the daily subsistence fee is \$2.25 for FY 2026-27.

The Federal Prisoner Room & Board revenue is increasing by 66.7% or \$2.0 million, from \$3.0 million to \$5.0 million, due to the anticipated increase in the Intergovernmental Agreement (IGA) daily rate with the United States Marshal Service (USMS). As presented at the April 21, 2026 Board of County Commissioners meeting, Corrections will establish a Basic Ordering Agreement (BOA) for United States Immigration and Customs Enforcement (ICE), which will charge \$50 for a 48-hour holding period per ICE inmate that is brought in on local charges. However, the ICE inmate population is expected to decrease.

## Fire Rescue

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for employer health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position net change is increasing by 34 positions to promote operational efficiencies and to maintain the current level of services.

#### **34 New Positions FY 2026-27**

##### 8th Battalions – eight (8) positions:

- 4 – Battalion Chief Paramedic 56, Operations Division
- 4 – Captain Paramedic 56, Operations Division

##### Fire Station #78 – 26 positions:

- 4 – Engineer Paramedic 56, Operations Division
- 4 – Lieutenant Paramedic 56, Operations Division
- 18 – Fire Fighter Paramedic 56, Operations Division

**Operating Expenses** – The FY 2026-27 operating expenses budget is decreasing by 6.0% or \$5.3 million from the current FY 2025-26 budget primarily caused by a 30.2% or \$2.7 million decrease to the clothing and wearing apparel budget due to less perfluoroalkyl and polyfluoroalkyl substances (PFAS) free and bunker gear replacements anticipated in FY 2026-27, total budget is \$6.1 million. Equipment less than \$5,000 is decreasing 23.9% or \$1.3 million, for a total budget of \$4.2 million, due to a reduction in one-time purchases for equipment needed to outfit new heavy apparatus; this budget also funds appliances for fire stations. Contract services is decreasing 27.8% or \$1.1 million, for a total budget of \$2.8 million, and includes funding for payments to third party billing companies related to the Office of the Fire Marshal (OFM) inspections, Emergency Medical Services (EMS), and Public Emergency Medical Transportation Program (PEMT). It also funds other necessary programs and security guard contracts for Headquarters, the Emergency Operations Center (EOC), and the 911 call center. Indirect costs is increasing by 33.3% or \$750,000, for a total budget of \$3.0 million, to better align with actual indirect costs, which currently are at \$14.2 million per the cost allocation study prepared by an outside consultant.

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 66.8% or \$32.7 million from the current FY 2025-26 budget primarily due to a 77.4% or \$28.0 million decrease to the heavy apparatus budget, for a total budget of \$8.2 million, which is used to purchase fire trucks and rescues such as ladders, engines, tankers, and aerials. This decrease is a result of reallocating funds for the IAFF union contract changes and to maintain a sufficient reserves budget. The budget of \$16.2 million funds items such as replacement of equipment, heavy apparatus, computer, software, and rolling stock. This budget includes \$1.1 million in the rolling stock budget to purchase nine (9) replacement vehicles and 10 new vehicles approved by the Vehicle Requirements Utilization Committee (VRUC); \$1.2 million in funding to replace mobile and portable radios; \$1.0 million in funding to replace Lifepack-15 Cardiac Monitors and Stryker Powerload Devices; and \$1.4 million for computer equipment, radio accessories, and other various accessories.

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 83.8% or \$55.7 million from the current FY 2025-26 budget. The majority of the decrease was due to the timing of re-budgets for capital projects from the current FY 2025-26 budget. This budget includes funding to continue capital projects such as: Fire Station #78 (Boggy Creek), Fire Station #31 (Dr. Phillips), and Facilities Management Projects to maintain and update Fire Rescue facilities. Please refer to the detail Capital Improvements Program section of this document for a complete listing of projects for the department.

**Debt Service** - The FY 2026-27 debt services budget is decreasing by 55.4% or \$293,422 and is for capital leases principal and interest payments.

**Reserves** – The FY 2026-27 reserves budget includes an MSTU reserve level of \$52.8 million. The Fire Impact Fee fund reserves is budgeted at \$1.2 million for FY 2026-27.

---

## FUNDING SOURCE HIGHLIGHTS

The majority of the funding for Fire Rescue is derived from Special Revenue Funds. Unincorporated ad valorem revenue is the largest revenue source for the Fire Rescue Department and is increasing by \$28.2 million or 8.0% to \$379.4 million in FY 2026-27, which is approximately 86.8% of total revenues received (excludes non-revenues such as fund balance). Fees, service charges, and other revenues make up approximately 23.5% of total revenues. These sources include Emergency Medical Services (EMS) transport service fees, false alarm fees, hazardous material recovery fees, and Fire Marshal fees. Collectively, these revenues support the continued delivery of essential public safety and emergency response services. For FY 2026-27, EMS Transport fees are budgeted at \$33.0 million, which is an increase of 5.9% or \$1.9 million over the current FY 2025-26 budget. All fees for services, including the Office of the Fire Marshal, increased by 2.7% and EMS Transport fees increased by 2.82%, as dictated by the Consumer Price Index (CPI).

The General Fund and various grants provide funding for the Office of Emergency Management under the Fire Rescue Department.

Capital Construction Funds are supported by county ad valorem capital construction funds and commercial and residential Fire Impact fees, which are budgeted at \$2.0 million to fund Fire Rescue capital expenses.

## Health Services

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position net change is increasing by three (3) positions in Animal Services Division, as follows: one (1) Veterinarian and two (2) Veterinary Technicians positions to help with increased demand at new Animal Services Facility.

#### **Three (3) New Positions FY 2026-27**

- 1 - Veterinarian, Animal Services Division
- 2 - Veterinary Technicians, Animal Services Division

**Operating Expenses** – The FY 2026-27 operating expenses budget is decreasing by 0.1% or \$669,035 from the current FY 2025-26 budget. The FY 2026-27 budget does not reflect carryover grant funds or new grant awards, which are recognized after the budget is adopted. The majority of the operating decrease is due to rollover encumbrances for pharmaceuticals and consumable medical supplies, long-acting injectable (LAI) medications as well as medication assisted treatments (MAT) under Corrections Health Services Division, toxicology laboratory services as well as forensic consulting services under Medical Examiner Division, and a one-time funding from the National Opioid Settlement agreement under the Drug Free Program. The Local Provider Participation Fund is increasing by 0.5% or \$3.1 million and is budgeted at \$597.0 million. This is a non-ad valorem special assessment for hospitals to submit for state reimbursement for uncompensated care to persons who qualify for Medicaid. Orange County’s required Medicaid contribution is increasing from \$28.5 million to \$28.7 million, as mandated by the State of Florida. The Primary Care Access Network (PCAN) budget is decreasing by 5.8% or \$616,839 and is budgeted at \$10.0 million (\$4.5 million in grants category).

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 58.1% or \$884,883 from the current FY 2025-26 budget. The decrease is primarily due to a reduction of one-time purchases in rolling stock, equipment, and computer equipment. The FY 2026-27 budget includes funding for two (2) replacement vehicles in the Mosquito Control Division, and two (2) replacement vehicles in Animal Services Division, as approved by the Vehicle Requirements Utilization Committee (VRUC).

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 41.9% or \$28.2 million from the current FY 2025-26 budget, primarily due to the timing of the Animal Services Facility project, as construction of the facility began in Spring 2026. Also, the continuation of funding is included for the Medical Examiner Office Expansion project and funding for the Corrections Records and Pharmacy Renovation project. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for the department.

**Debt Service** – The FY 2026-27 debt service budget remains status quo at \$81,389 from the current FY 2025-26 budget. The funding is for principal and interest expenses for office equipment capital leases within the Fiscal and Operational Support Division.

**Grants** – The FY 2026-27 grants budget is decreasing by 6.1% or \$2.6 million from the current FY 2025-26 budget due to FY 2026-27 budget not reflecting carryover grant funds, which are recognized after the budget is adopted. Grants are awarded to outside agencies to provide services that help meet the needs of Orange County citizens and their families.

The Animal Services Division grants budget is decreasing by 19.4% or \$72,393 and is budgeted at \$300,000, which includes funding for heartworm protection, adoption, rescues, and spay and neuter vouchers. The Animal Services Trust Fund is supported by contributions and donations from private sources.

The Medical Clinic Division grants budget is decreasing by 10.3% or \$564,216 and is budgeted at \$4.9 million, which includes \$4.5 million for payments to PCAN providers, including Community Health Center, Health Care Center for the Homeless, Shepard’s Hope and True Health.

Ryan White HIV prevention and treatment services grants budget is increasing by 3.0% or \$343,276 and is budgeted at \$11.8 million and is used for medical care, case management, food preparation, mental health counseling, oral health services, transportation, and substance abuse counseling.

---

## **FUNDING SOURCE HIGHLIGHTS**

The FY 2026-27 budget for the Health Services Department receives funding from various sources. For FY 2026-27, the department receive funds from the General Fund, Special Revenue Funds (grant funding), and Capital Construction Funds. Special Revenue Funds include such funds as the Animal Services Trust Fund (1048), Local Provider Participation Fund (1180), Regional Pharmaceutical Settlement (1256), County/City Pharmaceutical Settlement (1257), Opioid Settlement FL Core (1258), National Opioid Settlement (1259) and Animal Services Trust-General Donations (1295).

Mosquito Control is funded by the General Fund, but through an interfund transfer in order to track expenses as required by Florida Statue 388.311.

The Special Revenue Funds is decreasing by 0.5% or \$3.3 million, as a result of the timing in which grants are awarded. The balance of these grants is rolled over to the following fiscal year after the budget is adopted.

## Planning, Environmental & Development Services

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position net change is decreasing by a total of nine (9) positions, as follows: a decrease of 10 positions in the Building Safety Division, which had been added to support Major Economic Development projects and are not needed due to current development activity and improvements in technology, and an increase of one (1) grant funded Administrative Specialist position to support the down-payment assistance program and the housing rehabilitation programs in the Housing and Community Development Division.

#### One (1) New Positions FY 2026-27

1 - Administrative Specialist, Housing and Community Development Division

#### 10 Deleted Positions FY 2026-27

1 - Plans Examiner II, Building Safety Division  
 9 - Inspector II, Building Safety Division

**Operating Expenses** – The FY 2026-27 operating expenses budget is decreasing by 56.6% or \$180.7 million from the current FY 2025-26 budget. The FY 2026-27 budget does not reflect carryover grant funds or new grant awards, which are recognized after the budget is adopted, such as the Community Development Block Grant Disaster Recovery (CDBG-DR) grant that is being used to assist in rebuilding disaster-impacted areas. The Neighborhood Services Division budget includes \$1.2 million for the following Neighborhood Pride Grants: Pride Sustainability, Youth Sports Enhancement, Neighborhood Pride Miscellaneous, Business Assistance Neighborhood Corridor, Neighborhood Community and Youth Leadership Conference, Neighborhood Beautification, Fixing up the Neighborhood, Street Art Something, Community Cleanup, and Non Profit Housing Repair. Also, the Neighborhood Services Division budget includes \$2.2 million for cleaning and mowing of overgrown lots and the demolition of various buildings that have been identified as unsafe structures throughout the county. The Environmental Protection Division budget continues to include \$1.9 million to support the ongoing water quality monitoring contracts and water quality assessments and feasibility studies. Building Safety Division budget was developed in line with the mayor and administration’s directives and includes funding for expenses necessary to meet the service needs of customers.

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 93.6% or \$89.0 million from the current FY 2025-26 budget mainly due to the reduction of one-time purchases of equipment and vehicles. Included in the capital outlay budget is funding for equipment, computer equipment, and rolling stock for the replacement of a total of 10 vehicles, as follows: six (6) for the Building Safety Division, two (2) for the Environmental Protection Division, and two (2) for the Neighborhood Services Division, as approved by the Vehicle Requirements Utilization Committee (VRUC).

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 82.3% or \$60.5 million from the current FY 2025-26 budget. The majority of the decrease is due to the timing of re-budgets for capital projects from the current FY 2025-26 budget. The budget includes funding for Environmental Sensitive Land, Water Quality Improvements, Shingle Creek BMAP 6459, Little Wekiva STA, TM Ranch Acquisition, and I-Drive Wayfinding and Signage. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for the department.

**Debt Services** – The FY 2026-27 debt services budget is decreasing by 41.8% or \$139,685 from the current FY 2025-26 and is for the principal and interest expenses for office equipment capital leases within the Housing and Community Development Division.

**Grants** – The FY 2026-27 grants budget is decreasing by 46.4% or \$36.8 million from the current FY 2025-26 budget. The FY 2026-27 budget does not reflect carryover grant funds, which are recognized after the budget is adopted. Included in the grants budget is \$39.7 million under the Affordable Housing Trust Fund, which is to be used to create and preserve affordable rental and ownership housing for very-low and moderate-income households. In addition, some not-for-profit organizations will receive Community Development Block Grant (CDBG) funding as determined through a competitive process. The amount of \$1.7 million for FY 2026-27 is an estimate of funding for various projects; actual amounts will not be awarded until later in the current fiscal year 2026 and during the upcoming fiscal year 2027.

**Reserves** – The FY 2026-27 reserves budget is decreasing by 38.7% or \$16.6 million from the current FY 2025-26 budget. The Building Safety Fund reserve budget is \$4.2 million. Environmental Protection Division’s reserve budget is \$21.6 million, which includes Lake MSTUs and land conservation funds, with a portion of these funds committed to planned capital improvements projects. Neighborhood Services Division’s reserve budget is \$537,514, which includes the Pine Hills Neighborhood Improvement Fund.

**Interfund Transfers** – The interfund transfers budget for FY 2025-26 reflects the Econ River Drainage Basin fund being closed out as part of the Annual Budget Amendment process.

---

## FUNDING SOURCE HIGHLIGHTS

The Planning, Environmental and Development Services Department receives funding from various sources. For FY 2026-27, the department receives funds from the General Fund, which includes Affordable Housing Trust Fund (0231), Special Revenue Funds (grant funding), and Capital Construction Funds. Special Revenue Funds include such funds as the Building Fund (1011), the Air Pollution Control (1010), the Air Quality Improvement (1013), the Conservation Trust Fund (1026), Tree Replacement Trust Fund (1029), MSTU/MSBU Lake Funds (1061–1099, 1120-1124, 1146-1147, 1168, 1184-1189, and 1199), Local Housing Assistance-SHIP Fund (1232), Pine Hills Local Government NID Fund (1249), and I-Drive CRA Fund (1246).

**Affordable Housing Trust Fund** - The budget includes a total of \$86.6 million under the Affordable Housing Trust Fund. The Board approved \$10 million a year with a 10% annual increase to be deposited in a trust fund to be used for affordable housing in Orange County. For FY 2026-27, the calculated contribution to the Affordable Housing Trust Fund is \$19.5 million.

**Building Permits** – Permit fees are charged for plans review and inspection services encompassing building, electrical, mechanical, and plumbing trades. Staff reviews construction plans and performs construction inspections to ensure compliance with Orange County Code. Fees are based on the actual cost of plans reviewed and site inspections, plus an allowance for overhead expenses. The FY 2026-27 building permit fees are budgeted at \$20.0 million compared to \$17.5 million budgeted in the current FY 2025-26.

**Lake MSTU Funds** - The Environmental Protection Division uses Lake MSTU funds to defray the cost of herbicides in cleaning lakes and to implement various lake-enhancement projects. Revenues, expenditures, and fund balances are recorded by each MSTU.

***Air Pollution Control Fund*** – Revenue is collected by a non-refundable fee of \$1.00 that is charged on every vehicle license registration sold, transferred, or replaced in Orange County. These charges are collected by the Tax Collector and remitted to the State Department of Environmental Regulation. Because Orange County has previously established an Air Pollution Control Fund, according to statutes, \$0.50 of each dollar collected is returned to Orange County to fund air pollution control programs.

***Miscellaneous Contractor Permits*** – Revenue is collected for various permits issued by the Division of Building Safety that are not for new building construction and include permits for tents, trailers, house-moving, structure demolition, signs, re-inspection fees, and other items. The FY 2026-27 miscellaneous contractor permits revenue is budgeted at \$2.4 million, remaining status quo over the current FY 2025-26 budget.

***Planning Fees*** – Fee revenue is collected for land use and Comprehensive Plan amendments, Preliminary Subdivision Plan submissions, Planning & Zoning applications, final plat applications, and other miscellaneous revenues. Charges are designed to cover actual staff time plus an allowance for overhead costs.

***Zoning Fees*** – Fee revenue is collected for re-zoning requests, development reviews, street addressing, recreational vehicle storage, and Board of Zoning Adjustment Appeals. Charges are designed to cover actual staff time plus an allowance for overhead costs.

***Concurrency Fees*** – Fee revenue is collected for processing requests for concurrency applications. Services include the handling of capacity encumbrance letters, capacity reservation accounts, county-wide coordination, and other agency credit accounts. Charges are designed to cover actual staff time plus an allowance for overhead costs.

***Impact Fee Administration*** – Orange County receives a portion of School Impact Fee revenues for managing the fee collection. F.S. 163.31801 limits administrative charges for the collection of impact fees to actual costs.

***I-Drive Community Redevelopment Agency*** - This fund accounts for revenue generated from the creation of a Community Redevelopment Area (CRA) surrounding International Drive. The CRA was initiated to finance the improvement of certain blighted conditions identified in the area.

## Public Works

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position count remains unchanged.

**Operating Expenses** – The FY 2026-27 operating expenses budget is decreasing by 14.5% or \$20.9 million from the current FY 2025-26 budget. A total of \$64.2 million is included under Roads and Drainage Division for maintenance of roadway systems, which contains funding for maintenance of new roadways, street sweeping, tree trimming, landscape maintenance, right-of-way mowing maintenance, curb repairs, and other roadway costs to maintain a total of 5,952 road lane miles in Orange County. Also, included is the continuation of \$3.0 million to the LYNX Shelters and Transit Centers, as part of the \$100 million Accelerated Transportation Safety Program. Additionally, \$11.9 million is budgeted under Employment Agency and Contract Services to assist with department-wide operations and ongoing support for countywide programs, such as the Red Light Camera program, General Engineer Consulting Services and multiple agency agreements. The total operating budget of \$123.1 million continues to be affected by evolving construction market conditions, including sustained increases in material costs, supply chain constraints, and higher contract maintenance expenses experienced over recent years. As a result, the department's available resources can no longer support the same level of productivity achieved in FY 2025-26, limiting the ability to maintain service standards and constraining opportunities to expand or enhance existing service levels. Consequently, delays in life-cycle replacement activities and routine maintenance efforts are expected to continue in areas such as lane resurfacing, roadway maintenance, and landscape maintenance.

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 57.8% or \$8.5 million from the current FY 2025-26 budget. The budget fluctuates each year based upon equipment needs, primarily to replace heavy equipment and rolling stock under the Roads and Drainage Division and Stormwater Management Division. The \$6.2 million budget included in this budget are two (2) Tractor Boom 4x4, Claw Truck, two (2) Flatbeds, three (3) Skid Steer Trailers, a Concrete Truck, a Menzi Muck M520 Walking Excavator, 10-wheel Dump, HURP Truck, Aerial Bucket Truck, a large Paver, and a 6-Wheel Dump Flatbed. The FY 2026-27 budget includes funding for 20 replacement vehicles: five (5) replacement vehicles in Stormwater Management Division, two (2) replacement vehicles in Highway Construction Division, four (4) replacement vehicles in Development Engineering Division, seven (7) replacement vehicles in Roads & Drainage Division and two (2) replacement vehicle in Traffic Engineering Division, as approved by the Vehicle Requirements Utilization Committee (VRUC).

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 45.2% or \$218.4 million from the current FY 2025-26 budget primarily due to the timing of project schedules. Included in the budget is \$167.6 million for the Roadway Program under the Public Works Engineering Division, which includes new roads, sidewalks, intersections, lighting and pedestrian safety projects; \$60.4 million for Roads & Drainage Division, which includes \$43.9 million for resurfacing of existing roadways, drainage, railroad crossing replacements, and maintenance yards improvements; \$13.6 million for New and Rehab of Stormwater under the Stormwater Division; and \$20.3 million for Traffic Engineering Division, which includes signals, signage, and safety projects. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for the department.

**Grant** – The FY 2026-27 grant budget remains status quo at \$140,000 and includes funding for the Bike Walk Central Florida for pedestrian safety initiatives at \$100,000. Also, included in this funding is a contribution to the Walk-Ride-Thrive at \$40,000.

**Reserves** – The FY 2026-27 reserves budget is decreasing by 21.8% or \$48.6 million from the current FY 2025-26 levels. The majority of the Public Works reserves reside in the Transportation Impact Fee funds. Public Works continues to draw down these reserves to construct new and widened roadways, due to funding deficiencies on necessary operating and capital improvement programs.

**Other** – The FY 2026-27 other category budget includes a \$220,000 interfund transfer from the Transportation Trust Fund to the Apopka Vineland Landscaping MSTU to fund maintenance activities, which is remaining status quo from the current FY 2025-26.

---

## FUNDING SOURCE HIGHLIGHTS

The majority of the funding sources for the Public Works budget comes from Orange County’s portion of State Sales Tax Revenue, which is approximately 53% of the budget. There remaining sources of revenue consist of Gas Taxes 14%, County Capital Ad Valorem 12%, Impact Fees 9%, I-Drive CRA 6%, and other misc revenues 6%. Funding for Public Works transportation continues to be a challenge with limited increases in dedicated transportation revenue sources and the lack of available funding from State Sales Tax revenue to use toward transportation operations and capital.

## Utilities

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position count remains unchanged.

**Operating Expenses** – The FY 2026-27 operating expenditures budget is decreasing by 2.0% or \$6.1 million from the current FY 2025-26 budget. The decrease is primarily due to a \$4.5 million reduction to the maintenance of buildings, improvements, and grounds budget after the completion of repair work on the Rouse Road Master Pump Station, which was damaged during Hurricane Ian. In addition, the contract services budget is decreasing by \$4.0 million for large encumbrances that rolled into the current FY 2025-26 budget for biosolids hauling, line location services, and a master plan. There was also a \$3.4 million decrease in maintenance of mains due to a reduction in several large contracts for manhole coating, gravity main lining, and services related to Lead and Copper regulations.

These budget decreases are partially offset by increases in Payment to Franchise Haulers to reflect 12 full months of the increased rates contained in the new hauler collection contracts for an increase of \$11.3 million, with a total budget of \$77.1 million.

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 38.0% or \$6.8 million from the current FY 2025-26 budget due to rollover encumbrances and one-time purchases of heavy equipment and rolling stock in the current fiscal year. Most capital outlay items are purchased based on replacement schedules that include length of service, age, and maintenance cost. The budget for heavy and other equipment is \$9.6 million and includes funding for large lab equipment, trailers, forklift, pumps, excavators, loaders, rolloff containers and mini dump trucks in the Water & Wastewater System. The budget also includes funding for the replacements of excavators, loaders, and transfer trailers in the Solid Waste Division. The departmental rolling stock budget is \$1.3 million and includes 15 replacement vehicles and five (5) new vehicles, as approved by the Vehicle Requirements Utilization Committee (VRUC).

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 14.8% or \$53.2 million from the current FY 2025-26 budget. The projects include improvements to the water, wastewater, and solid waste facilities, as well as construction of pipelines for the water, wastewater, and reclaimed water systems, and the renewal and replacement of aging infrastructure. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for the department.

**Debt Service** – The FY 2026-27 debt service budget is increasing by 34.7% or \$11.8 million from the current FY 2025-26 budget. Debt service payments are based on the principal and interest payments for existing bonds, anticipated debt financing, state revolving fund loans, and other minor debt related expenses.

**Reserves** – The FY 2026-27 reserves are increasing by 49.3% or \$144.0 million from the current FY 2025-26 levels. The department maintains restricted reserves for debt service, customer deposits, and for financing future closure and long-term care costs of landfill cells. Reserves are also in place to fund future capital improvements and to serve as a contingency in the event of emergencies. Reserves fluctuate due to the flow of program revenues, expenses, and the issuance of debt.

**Other** – The FY 2026-27 other category budget is decreasing by 12.6% or \$2.1 million from the current FY 2025-26 level and includes the General Fund interfund transfer, which is budgeted at \$13.4 million based on a payment in lieu of taxes calculation. Also, included in this category is \$1.0 million for Connection Fee refunds.

---

## FUNDING SOURCE HIGHLIGHTS

The Utilities Department receives revenue from the operations of two (2) enterprise funds, the Water & Wastewater System and the Solid Waste System, one (1) special revenue fund, the Municipal Service Benefit Unit (MSBU) fund for the Mandatory Refuse and Recycling Program, and various state grants. The enterprise funds are increasing by 15.3% or \$141.2 million primarily due to the anticipated bond proceeds and a new 5-year water and wastewater rate plan. The special revenue fund (MSBU) is increasing by 6.3% or \$9.4 million due to an increase in program fee revenue, cash brought forward and customer growth. Total grant funds is decreasing by \$61.0 million due to the timing in which grants are awarded. The balance of these grants is rolled over to the following fiscal year after the budget is adopted.

**Water and Wastewater Fund** – Monthly water and wastewater charges include a fixed component and a volume charge to cover actual usage. Rates are established by the Board of County Commissioners (BCC) and are designed to cover the operating and maintenance costs, debt service expenses, and other requirements of the Water & Wastewater System. On January 27, 2026 the Board approved a 5-year plan for water and wastewater rates to achieve parity between residential and commercial customers and provide additional revenue to reduce future borrowing needs. These rates will go into effect on October 1, 2026. Additionally, to meet operational requirements and debt service expenditures, the Utilities Department will recommend a 3.0% increase to all other system rates for FY 2026-27.

**Solid Waste Fund** – The Solid Waste System enterprise fund is supported by rates, fees and charges for services provided to the residents and businesses of Orange County. In FY 2023-24, the Board adopted a 3-year rate plan to increase tipping fees by 12.0% each year followed by 4.0% annual increases for the remainder of the 10-year planning horizon in order to meet increasing revenue requirements for cell construction. The 3-year period of 12.0% annual increases concluded in FY 2025-26; therefore, the FY 2026-27 budget includes a 4.0% increase in tipping fees as recommended by a 2023 revenue sufficiency analysis and supported by an updated internal cash flow analysis.

**Mandatory Refuse Fund** – The Mandatory Refuse Fund collects fees to cover the cost of the Mandatory Refuse and Recycling Program that provides for the collection of household garbage, yard waste, bulk items, and recyclables in unincorporated Orange County. Orange County contracts with four (4) haulers to collect these materials from households in six (6) geographic zones within Orange County. Commercial establishments do not participate in this program and must contract separately with waste haulers. The Orange County Tax Collector collects a non-ad valorem assessment on the annual tax bills as payment of fees for residential customers. In June 2026, the Board tentatively approved the annual MSBU rate charged to customers to include a \$30.00 increase to cover the higher costs for residential refuse and recycling collection and disposal services for FY 2026-27. The new annual rate for FY 2026-27 will be \$430.00 per household once the Board adopts it in the first budget public hearing in September.

## Administration & Fiscal Services

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for employer health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The department’s authorized position net change is decreasing by one (1) position, a Systems Support Analyst, which is transferring out from the Information Systems and Services (ISS) Division to the Arts and Cultural Affairs Division under the Other Offices section.

**Operating Expenses** – The FY 2026-27 operating expenses budget is decreasing by 5.4% or \$16.4 million from the current FY 2025-26 budget. The ISS Division operating budget is decreasing by 10.9% or \$5.5 million due to rollover encumbrances in the current FY 2025-26 budget, and software licensing budget decreasing by 12.1% or \$3.6 million, for a total budget of \$25.8 million. In addition, the budget includes funding for the continuation of renewal and growth of existing software licensing, increases for renewals of new software licenses purchased, renewals of Palo Alto and Sophos security software, and to support planned artificial intelligence initiatives. Also, contract services is decreasing by 72.0% or \$1.2 million, for a total budget of \$476,470, due to a reduction in professional services and project consulting expenses. The Fiscal and Business Services Division operating budget is increasing by 232.7% or \$243,298 mainly due to contractual services for a tourist development tax return on investment (ROI) analysis recommended during the Visit Orlando audit.

The table below summarizes all changes to the Risk Management’s Program and Captive funds.

	FY 2025-26 Budget as of 03/31/2026	FY 2026-27 Proposed Budget	Change from FY 2025-26 Budget	% Change from FY 2025-26
<b>Risk Management</b>				
Personal Services - Operations	\$ 2,999,085	\$ 3,094,816	\$ 95,731	3.2 %
Workers' Comp	55,009,567	61,447,301	6,437,734	11.7 %
Claims Administration	4,463,529	4,285,000	(178,529)	(4.0)%
General, Auto & Property Liability	33,148,713	29,276,901	(3,871,812)	(11.7)%
Occupational Medicine	2,967,850	3,000,000	32,150	1.1 %
Other Insurance & Bonds	17,880,567	8,000,000	(9,880,567)	(55.3)%
Payments to Other Gov. Agencies	200,000	175,000	(25,000)	(12.5)%
Other Operating Expenditures	1,410,623	1,333,104	(77,519)	(5.5)%
Reserve for Contingency	12,988,441	15,595,713	2,607,272	20.1 %
<b>Total Budget</b>	<b>\$ 131,068,375</b>	<b>\$ 126,207,835</b>	<b>\$ (4,860,540)</b>	<b>(3.7)%</b>

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 32.0% or \$2.4 million from the current FY 2025-26 budget. The decrease is primarily due to rollover encumbrances in the current FY 2025-26 budget and a one-time purchases of computer equipment. Included in this budget is funding in the amount of \$2.5 million for ISS computer equipment, including enterprise storage solution expansion to protect county data and networking hardware, and \$2.1 million for ISS equipment, which includes radio systems and services. As part of this equipment costs, there is \$606,399 allocated for the continuation of artificial intelligence initiatives.

**Capital Improvements** – The FY 2026-27 capital improvements budget is decreasing by 26.5% or \$9.6 million from the current FY 2025-26 budget primarily due to the timing of project schedules. The budget includes funding for ongoing projects such as the Cassady Building - HR and Corrections Renovations in partnership with the Corrections Department, 911 system upgrades, technology hardware/software replacements, network infrastructure, and telecommunications. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects.

**Debt Service** – The FY 2026-27 debt service budget is increasing by 25.7% or \$34,999 from the current FY 2025-26 budget and is for the communications tower capital lease principal and interest expenses for ISS Division, and office rental capital lease within Risk Management Operations, which is being reevaluated and is expected to decrease based on the space allocation.

**Reserves** – The FY 2026-27 reserves budget is decreasing by 12.4% or \$13.4 million from the current FY 2025-26 levels and includes reserves in the Medical Benefits Fund of \$78.5 million, which is reducing due to the Fire IAFF union pulling out of the county medical plan in January 2027 and anticipated higher expenses in FY 2026 that is lowering reserves for FY 2027. There is also \$15.6 million in reserves for Risk Management Operations.

---

## FUNDING SOURCE HIGHLIGHTS

The majority of the funding for the Administration and Fiscal Services Department is derived from Internal Services Funds – the Medical Benefits Fund and Risk Management Funds account for 92.0% of funding. Medical Benefits Fund revenue is largely derived from insurance premiums paid by Orange County, other government agency participants, and employees covered by the plan. Risk Management Funds revenue is derived from charges to county departments and participating Constitutional Offices for insurance coverage for workers’ compensation, property and auto liability, as well as general liability coverage and captive insurance.

Additional revenue sources include 911 fees. Orange County is empowered to levy a fee of up to \$0.40 per month per phone line (up to a maximum of 25 access lines per account bill rendered) to be paid by local subscribers within Orange County served by the “911” emergency telephone system. Additionally, in 2014, the State reduced the monthly “E911” fee on wireless subscribers in the state from \$0.50 to \$0.40 and, for the first time, established a collection procedure relating to this fee for prepaid wireless users. The revenue received is restricted and is used for allowable operating costs directly associated with the 911 programs and for allowable expenditure reimbursement to the Public Safety Answering Points (PSAPs) call centers throughout Orange County, under Florida Statute 365.172.

Also received are revenues from a traffic violation surcharge, which is assessed at a rate of \$12.50 per moving violation. Of that amount, Orange County receives \$12.00 (the Clerk of Courts receives \$0.50 per violation for processing expenses). The traffic violation surcharge funds equipment for the Orange County’s intergovernmental radio system.

## Other Offices

### EXPENDITURE HIGHLIGHTS

### *Personal, Operating, Capital Outlay, Capital Improvements, Debt Service, & Grants Expenses –*

The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical premiums. In addition, one (1) position, a System Support Analyst, is transferring in to the Arts and Cultural Affairs Division from the Information Systems and Services (ISS) Division and is being reclassified as a Program Manager position to help manage the various art programs.

The **Agenda Development** FY 2026-27 budget is increasing by 7.7% or \$30,216 from the current FY 2025-26 budget primarily due to increases as noted above, employee retirement payout and capital outlay for the replacement of three (3) laptops.

The **Arts and Cultural Affairs** FY 2026-27 budget is increasing by 10.1% or \$91,039 from the current FY 2025-26 budget primarily due to the increases as noted above, which includes the position transferring in from the ISS Division. The budget also includes \$250,000 in grant funding for Fusion Fest, which remained status quo from the current FY 2025-26 budget.

The **County Administrator's Office** FY 2026-27 budget is decreasing by 0.05% or \$1,519 from the current FY 2025-26 budget primarily due to reductions in fleet charges.

The **County Attorney's Office** FY 2026-27 budget is increasing by 1.3% or \$77,567 from the current FY 2025-26 budget primarily due to net changes in personal services as noted above.

The **Economic, Trade and Tourism Development Office** FY 2026-27 budget is decreasing by 3.8% or \$281,186 from the current FY 2025-26 budget. Included in the budget is continuing funding of \$150,000 for the Small Business Development Center (SBDC)/Incubator Expansion that has training programs in Western Orange County, and \$10,000 for the continuation of Lake Nona Institute, Inc. to provide a sponsorship for the Lake Nona Impact Forum that is scheduled to be held in February 2027. There is \$793,453 budgeted for the Orlando Economic Partnership, which remains status quo from the current FY 2025-26 budget. Economic grants fund total is \$4,827,022, please see the grants agreement and program support table on page 14-7 for a listing of recipient organizations and grant amounts.

The **Innovation and Emerging Technologies Office** FY 2026-27 budget is decreasing by 7.7% or \$72,098 from the current FY 2025-26 budget mainly due to rollover encumbrance in contractual services. The Science, Technology, Engineering, and Mathematics (STEM) grants are budgeted at \$282,208 and provides support to community organizations who provide STEM career training and promotion to local students. Please see the grants agreements and program support table on page 14-8 for a listing of recipient organizations and grant amounts.

The **Innovation Center** FY 2026-27 operating budget remains status quo at \$1.2 million from the current FY 2025-26 and includes funding for two (2) positions and operating costs to support the office. In addition, the Innovation Center Project is scheduled to be substantially completed by July 2026. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for the division.

The **Legislative Affairs Office** FY 2026-27 budget is decreasing by 2.8% or \$26,930 from the current FY 2025-26 budget primarily due to reductions in contractual services expenses.

The **Office of Communications** FY 2026-27 operating budget is decreasing by 4.4% or \$317,044 from the current FY 2025-26 budget mainly due to rollover encumbrances and one-time purchases of equipment and rolling stock in the current fiscal year. Funding is included for a Duplo 618 Folder/Slitter/Cutter/Score, PTZ Cameras for field production, Clearcom units for mobile production, additional lights for the studio, LiveU 300 units for wireless field production, replacement of the second tape binder and video production equipment to outfit an SUV for mobile video development.

The FY 2026-27 Capital Improvement budget is decreasing by 89.8% or \$2.6 million from the current FY 2025-26 budget. The majority of the decrease is due to the timing of re-budgets for capital projects from the current FY 2025-26 budget. The budget includes design funding for a new project, BCC Chambers Renovations, which aims to upgrade and renovate the Board of County Commissioners (BCC) Chambers room and adjoining support spaces to better meet the county's redistricting needs, support the BCC meetings, commissioner district meetings, council and committee meetings, and other large scale events held at the Orange County Administration Center. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for the division.

The **Sustainability and Resilience Officer** FY 2026-27 operating budget is decreasing by 10.3% or \$74,032 from the current FY 2025-26 budget mainly due to rollover encumbrances in contractual services in the current year. The budget contains funding associated with ongoing consulting services for countywide projects.

The FY 2026-27 capital improvement budget remains status quo at \$500,000 from the current FY 2025-26 budget for the continuation of the Energy Efficiency Facilities Projects, which incorporates energy efficient materials and supplies into some existing facilities projects, which will help reduce costs and reduce the environmental impacts. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects for the division.

---

## FUNDING SOURCE HIGHLIGHTS

The funding for Other Offices comes from the General Fund, Capital Projects Fund, and I-Drive CRA Fund (1246).

## Other Appropriations

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The personal services budget within Non-Departmental includes \$12.8 million for other post employment benefits (OPEB) that, under Government Accounting Standards Board (GASB) Statement No. 45, requires the accrual of liabilities of other post employment benefits to occur over the working career of plan members rather than on a pay-as-you-go basis. Also, the budget for estimated Health Saving Account costs for the medical benefits fund is decreasing by 90.0% or \$900,000, for a total budget of \$100,000.

#### **Operating & Grants Expenses –**

**American Rescue Plan Act Funds** - On March 11, 2021, President Biden signed the \$1.9 trillion American Rescue Plan Act of 2021 (ARPA) to provide direct relief to Americans, contain the COVID-19 virus, and rescue the economy. Within ARPA contained an allocation of \$362 billion in state and local fiscal recovery funds to assist state and local governments in the recovery. Orange County’s direct allocation based on population was \$270.7 million. All of the ARPA funding has been received from the US Treasury. Orange County’s plan focused on bringing the COVID-19 pandemic under control; addressing the urgent needs of residents, families and neighborhoods hardest hit by the COVID-19 public health emergency; and making investments to provide economic recovery and rebuilding. Funding has been allocated into five (5) area of focus to include small business assistance, social and community services, health and public safety, infrastructure projects, and revenue recovery that will be used to invest in areas that were heavily impacted by the pandemic. Some of the ARPA funding is shown under department budgets that are using it for capital projects. There is no new ARPA funding for FY 2026-27. All funding had to be obligated by December 31, 2024 and must be fully expended by December 31, 2026.

The **Arts and Science Agencies** FY 2026-27 grants budget is \$1,639,044, a 1.5% increase from the current FY 2025-26 budget. The United Arts of Central Florida is budgeted at \$1,536,045, which is based on a \$1.00 per capita formula. The Orlando Science Center budget remains status quo at \$102,999 to provide operational and maintenance support.

The **Charter Review Commission** FY 2026-27 operating expense budget is increasing by 69.9% or \$49,093 and is budgeted at \$122,524 to cover the costs of the committee. The committee is operational every four (4) years and will begin meeting in January 2027.

The **East Central Florida Regional Planning Council (ECFRPC)** FY 2026-27 assessment of \$320,880 for Orange County is based on a \$0.2089 per capita formula. The funding level increased due to an increase in Orange County population from 1,511,568 in 2024 to 1,536,045 in 2025, based on the most recent Orange County estimated population.

**Interfund Transfers** are non-operating expenditures and are described under the “Other” category.

The **LYNX** FY 2026-27 contribution is budgeted at \$115,449,186, which increased by 13.3% or \$13,573,277 from the FY 2025-26 budget. A total of \$109,017,436 is the operating and capital contribution for fixed and para transit services and \$6,431,750 is included for operational service enhancements LYNX has implemented as part of the Orange County’s \$100 million accelerated transportation funding initiative. LYNX actual operating expenditures are going up 4.5% for normal inflationary cost increases. The county’s contribution above 4.5% is a result of one-time American Rescue Plan Act federal funding that is being draw down over time that is not recurring. LYNX allocates operating costs to its funding partners according to its regional transportation model that distributes system costs by service hours to Orange, Osceola, and Seminole County. Capital matching contribution of \$3,034,275 is \$3.00 per service hour.

The **MetroPlan** FY 2026-27 funding contribution is budgeted at \$564,392, which increased by 1.3% or \$7,051 from the current FY 2025-26 funding level. The funding amount is calculated by formula using the most recent Orange County estimated population (less the cities of Apopka and Orlando) of 1,128,784 and applying an assessment of \$0.50 per capita.

The **Non-Departmental** operating expense and grants budget are described in detail on page 15-6. Included in the Non-Departmental budget is \$1,666,667 for the second payment to the City of Orlando for the PULSE memorial. The total Orange County contribution for the PULSE memorial is \$5.0 million over a three (3) year period.

The **OBT Crime Prevention Fund** FY 2026-27 operating expense budget is \$189,258. The OBT Neighborhood Improvement District receives funding from fines resulting from area arrests. The budget allows for more diverse crime prevention programs in the OBT area of Orange County.

The **SunRail** FY 2026-27 operating payment is budgeted at \$14,966,150, which is increasing by 3.1% or \$452,131 from the current FY 2025-26 funding level in order to fund the Central Florida Commuter Rail Commission the agency that oversees SunRail. The Florida Department of Transportation is currently managing SunRail operations and maintenance. Funding for SunRail comes from Orange (includes Winter Park and Maitland), Orlando, Osceola, Seminole, and Volusia County based on ridership data.

The **Sunshine Corridor** has no funding being included in FY 2026-27. The State is funding the project development and environment study.

**Reserves** – The FY 2026-27 Reserves-General Fund budget provides for the following reserves:

<u>General Fund</u>	<u>FY 2026-27</u>
Reserve for Contingency	\$108,861,335
Reserve - Catastrophic Loss	5,000,000
Restricted Reserves	20,000,000
<b>Total</b>	<b>\$133,861,335</b>

The General Fund reserves are budgeted at 7.7% of the General Fund budget for FY 2026-27. The following is a three-year comparison of the General Fund reserves as a percent of budget.

<u>Fiscal Year</u>	<u>Reserves as a Percentage of the General Fund Budget</u>	<u>Reserves Amount</u>
FY 2024-25 (Budget)	7.1%	\$115,526,538
FY 2025-26 (Current)	8.4%	\$144,356,431
FY 2026-27 (Proposed)	7.7%	\$133,861,335

**Other – Interfund Transfer** – The FY 2026-27 budget provides for the following transfers to other funds:

<u>Fund</u>	<u>FY 2026-27</u>	<u>Purpose</u>
International Drive CRA	\$37,128,264	Tax increment payments related directly to the taxable value of constituent properties.
Affordable Housing Trust	19,487,171	To provide direct funding for operations of the Affordable Housing Trust Fund.
Court Technology	8,742,417	To supplement recording fee revenue as the proposed budget for this program is greater than the amount of fees being collected.
Mosquito Control	4,103,816	To provide direct funding to the Mosquito Control Division for operations as required by Florida Statute 388.311.
Grants	6,040,000	To supplement grant funded salary positions, such as CINS/FINS (Children in Need of Services/Families in Need of Services), the Oaks Treatment Program and Head Start grants.
Local Court Programs	1,666,173	To supplement court fee revenue as the proposed budget for this program is greater than the amount of fees being collected.
Legal Aid Programs	1,423,921	To supplement court fee revenue as the proposed budget for this program is greater than the amount of fees being collected.
Orange County CRA (OBT)	1,579,840	Tax increment payments related directly to the taxable value of constituent properties.
Court Facilities	1,120,240	To supplement court fee revenue as the proposed budget for this program is greater than the amount of fees being collected.
Drug Abuse Trust Fund	163,303	To supplement the trust fund that provides payments for drug treatment programs at the Center for Drug Free Living.
Juvenile Court Programs	125,316	To supplement court fee revenue as the proposed budget for this program is greater than the amount of fees being collected.
Children and Family Svcs (CFS) Board Donations	25,000	To provide funding collected from the cell tower at the Michigan Street facility to support Great Oaks Village.
<b>Total</b>	<b>\$81,605,461</b>	

**Community Redevelopment Agency (CRA) Payments** – Florida Statutes Section 163.387(1) provides for the creation of redevelopment trust funds for individual communities. Monies allocated in these funds shall be used to finance or refinance any community redevelopment undertaken pursuant to the approved community redevelopment plan. There is \$34,970,572 budgeted for 11 CRAs under Non-Departmental (see page 15-6) for FY 2026-27. In addition, there are two (2) Orange County CRAs funded at \$38,708,104 for the International Drive CRA and the Orange County CRA (OBT). The total of the 13 CRA payments for FY 2026-27 is \$73,678,676. Payments are based on estimated incremental tax revenue related directly to the taxable value of constituent properties.

---

## FUNDING SOURCE HIGHLIGHTS

Funding for Other Appropriations is provided by the General Fund, Crime Prevention Fund (1243), and American Rescue Plan Act of 2021 (5896).

## Non-Departmental

## Other Court Funds

### EXPENDITURE HIGHLIGHTS

**Personal Services** – The FY 2026-27 personal services budget includes a 4.0% salary increase for non-bargaining employees and bargaining employees per contract. The Florida Retirement System (FRS) rates are budgeted at amounts approved by the State Legislature for employer retirement contributions. The budget for employer health insurance contributions remains status quo at \$19,000 per employee as an average cost to cover the employer portion of the medical benefit premiums. The other court funds authorized position count remains unchanged.

**Operating Expenses** – The FY 2026-27 operating expenses budget is decreasing by 1.5% or \$208,546 from the current FY 2025-26 budget. Court Facilities’ operating budget is decreasing by 2.5% or \$192,161, mainly due to rollover encumbrances in contractual services budget, which funds the Guard Service Contracts. Court Technology’s operating budget is decreasing by 1.2% or \$74,937 due to rollover encumbrances, and includes reimbursement funding of \$551,276 for five (5) State Attorney’s Office employees’ salaries and \$297,000 for seven (7) Public Defender’s Office employees’ salaries under payments to other government agencies, totaling in the amount of \$848,276. Local Court Programs’ operating budget is increasing by 33.7% or \$57,759 due to a 100.3% or \$80,201 increase to contractual services to fund Supervised Visitation Services in Family Ties.

**Capital Outlay** – The FY 2026-27 capital outlay budget is decreasing by 30.9% or \$1.4 million from the current FY 2025-26 budget primarily under the Court Technology budget due to rollover encumbrances in computer equipment from the current fiscal year.

**Capital Improvements** – Capital improvements unspent budget in the current FY 2025-26 for the Court Facilities projects will be rebudgeted to FY 2026-27 during the Annual Budget Amendment in January 2027. Please refer to the detailed Capital Improvements Program section of this document for a complete listing of projects.

**Debt Service** – The FY 2026-27 debt service budget is increasing by 1.4% or \$6,501 due to updated annual principal and interest expenses on leases for the Clerk of Courts Records Warehouse, Mediation Court, and Courthouse Parking Garage.

**Grants/Services** – The FY 2026-27 grants/services budget is decreasing by 2.4% or \$47,975 from the current FY 2025-26 budget and includes funding that Orange County provides to the following organizations: Orange County Bar Association for the Legal Aid Society in the amount of \$1,567,371; Citizens Dispute Resolution in the amount of \$102,228; Seniors First Guardianship Program in the amount of \$95,418; and, Florida Agricultural and Mechanical University (FAMU) for the Law Library in the amount of \$166,725.

**Reserves** – Reserves is not being budgeted for in FY 2026-27, causing an overall decrease of \$268,533.

**Other** – The other budget for FY 2025-26 reflects interfund transfers from Juvenile Court Programs, Law Library, and Legal Aid Programs funds to Local Court Programs, as part of the annual budget amendment process. In addition, \$7,000 was transferred to the General Fund from the Legal Aid Programs fund to recoup funds transferred to Legal Aid Programs in FY 2024-25.

---

## FUNDING SOURCE HIGHLIGHTS

The Special Revenue Funds under the court funds consists of the Court Facilities Fund, Court Technology Fund, and Additional Court Costs funds. The General Fund provides \$13.2 million through an interfund transfer to the court funds to cover expenses due to the lack of revenue generated from some of the funds.

The Court Facilities Fund was established on June 15, 2004, when the Board of County Commissioners passed an ordinance to impose a \$15 charge on civil and criminal traffic infractions in order to fund court facilities. Effective November 1, 2009, the BCC amended the ordinance and code to increase the surcharge to the maximum \$30 for non-criminal traffic infractions and criminal violations as described in the governing statutes.

The Court Technology Fund was established on June 1, 2004 by Senate Bill 2962, which created a \$4 per page increase in recording fees to fund the court-related information technology needs of the state attorneys, public defenders, clerks, and the courts. Of the \$4 fee, \$2 is directed to the Board of County Commissioners to fund information technology for the courts, state attorneys, and public defenders. Of the balance, \$1.90 is directed to the clerks for their court-related information technology needs; and, \$0.10 is set aside for a statewide case management information system.

The Additional Court Costs funds were established on June 15, 2004, when the Board of County Commissioners passed an ordinance to impose a \$65 court fee when a person pleads guilty or nolo contendere to, or is found guilty of, any felony, misdemeanor, or criminal traffic offense under the laws of this state. The \$65 is split between four (4) programs:

1. Twenty-five percent (25%) of the amount collected shall be allocated to fund innovations to supplement state funding for the elements of the state court system identified in Section 29.004, Florida Statutes, and county funding for local requirements under Section 29.008(2)(a)2, Florida Statutes.
2. Twenty-five percent (25%) of the amount collected shall be allocated to assist counties in legal aid programs.
3. Twenty-five percent (25%) of the amount collected shall be allocated to fund personnel and legal materials of the public as part of a law library.
4. Twenty-five percent (25%) of the amount collected shall be used to support juvenile programs.

## CAPITAL IMPROVEMENTS PLAN SUMMARY

---

The FY 2027-2031 Capital Improvements Plan (CIP) is presented in this section. The CIP includes funding for a diverse set of projects. Those projects touch everything from renovations of existing facilities to the construction of new roadways. Annual funding for new projects is limited and all requests are prioritized and scrutinized before being included in the CIP.

The adopted CIP contains two (2) new projects with costs totaling an estimated \$11.5 million over the next five (5) years. These new projects are as follows:

- **Courthouse 5th Floor Chambers Build out - \$5.0 million (Capital Projects Fund)**  
Project will be used to renovate and build out the fifth floor of Building C at the Courthouse to address immediate need for additional judges. The build out will create eight (8) dedicated judicial chambers.
- **State Attorney 2nd Floor Renovation - \$1.5 million (Capital Projects Fund)**  
Project will be used to renovate and build out the second floor in Building B at the Courthouse to address workspace congestion and support operational efficiency, which will include 15 offices, up to eight (8) cubicle spaces, a storage and copier area and associated electrical, HVAC, lighting and fire protection modifications.

The reports that follow detail Orange County's comprehensive Capital Improvements Plan. Available funding has been identified for all project budgets falling within the plan's five-year timeframe (FY 2027-2031). Approved FY 2025-26 budgets displayed on the CIP reports are as of 06/16/2026.
