

EVALUATION CRITERIA

How to select the winning yard

Are you ready to start your neighborhood's **Yard of the Month** or **Yard of the Quarter program**? This is the criteria you will use to nominate and select the winning yard each month or quarter! You should have a committee of three or five members who nominate and vote. (The number must be an odd number for voting purposes.) Orange County provides the yard sign and certificate for your winner(s)!

CRITERIA

- Well-maintained yard with green and healthy grass
- Neat landscaping
- Tidy appearance
- Curb appeal
- Yard clear of clutter and debris

Please select at least three to six yards for evaluation and complete the necessary evaluation criteria cards. The cards below are fillable in Adobe Acrobat. There are scoring options of 5,10,15, or 20 points per category, with a maximum score of 100.
